[2019.12.28 13:30:46] Kaylon Chakaid > Yes really

[2019.12.28 13:31:30] Khadria Ulutek > I think they're saying the stations themselves are "registered" as public or howing up as public.
[2019.12.28 13:31:39] Khadria Ulutek > ((This is news to me))
[2019.12.28 13:31:47] Kaylon Chakaid > UM.. Lemme check that
[2019.12.28 13:31:52] Kaylon Chakaid > Or is becauase of the name
[2019.12.28 13:35:56] Amandaaxa > Villore - NEMA 3 Pub Ice Refinery (Club Zer0) This station name would in icate it is a 'public' structure meaning anyone can dock and do business here. A further assumption would be that the ield is open to mine with no tax as there is nothing telling anyone otherwise.
[2019.12.28 13:36:53] Kaylon Chakaid > OK so say I pull up to your private field and mine ore. You gonna tax m ?

[2019.12.28 13:37:09] Kaylon Chakaid > Just a question
[2019.12.28 13:37:47] Amandaaxa > Common understanding is that if you mine someones field, you pay 10% tax s they have to fuel the citadel and provide for it.
[2019.12.28 13:38:16] Kaylon Chakaid > How are you gonna tax neutrals to pay if they just run aftert they mine, akes no sense
[2019.12.28 13:38:27] Amandaaxa > really?
[2019.12.28 13:38:29] Kaylon Chakaid > Common unnderstandg yes
[2019.12.28 13:39:05] Amandaaxa > right click in space, go to structures, refineries and look at the names.
[2019.12.28 13:39:20] Kaylon Chakaid > I mean we could war dec them to pay taxes, we could ask them to do so. f they dont what then?
[2019.12.28 13:39:27] Amandaaxa > bump them
[2019.12.28 13:39:34] Kaylon Chakaid > Ok. Then they come back later
[2019.12.28 13:39:41] Amandaaxa > bump again
[2019.12.28 13:40:09] Kaylon Chakaid > Then agian, losing argument, investing alot of time to try and make som loser pay taxes
[2019.12.28 13:40:50] Amandaaxa > Ill remember that effort when youre asking people to mine ice to fuel Club Z ro structures
[2019.12.28 13:42:42] Kaylon Chakaid > You know you really are foul little bitch
