

WHAT IS LIVING TREE DESIGN?

LTD is a custom photo book design service. We design & publish custom photo books for whoever wants them. We offer a full service option for those of us that are scrapbook challenged or just don't have the time, energy or skills to put into making an online photo book.

We offer professionally designed photo books for every occasion.

SOUNDS GREAT! HOW DOES IT WORK?

Here is the basic lowdown:

1. You send me your high resolution digital* photos
2. I go through and organize and edit them for usability
3. You tell me the basic story you are trying to get across
4. I design your layout
5. You approve the layout
6. I order your book
7. When your book arrives, I will check it for quality and forward to you
8. You now have a gorgeous piece of your personal history that you can display and share from generation to generation.

* If you want to dig out that shoebox full of old photos in the closet - we offer scanning services too.

WHAT KINDS OF BOOKS CAN YOU MAKE?

ADOPTION_{books}

As an adoptive parent I know firsthand that adoption trips are priceless. But once you are home from that trip, your dedication is to your new child and not on photo books. I can help you recreate that once in a lifetime journey while it is still fresh in your mind.

Group_{collaboration} Books

Do you belong to a special group or team? Your group members can contribute photos to a project too! This is a great way to stay connected to a group through a shared interest.

family yearbooks, birthdays, vacations,
anniversaries, weddings, graduations, births,
memorials, mission trips...*the possibilities are endless . . .*

WHY CAN'T I JUST DO THIS MYSELF?

You can – but the sad truth is that **YOU** probably **WON'T**. Our super scientific research* shows that most people have literally thousands of photos just sitting on their hard drives or in a shoebox on the top shelf of their closet somewhere. Intentions are good – but **LIFE GETS IN THE WAY** and the books never get made. We take the burden from you so you can **ENJOY LIFE GUILT FREE**.
