

PPC Members,

Restonic RTO Division is now buying back Used, Smelly, Stained, Unrentable Mattresses from RTO Dealers! No Joke!

Here how it works

12 months after you purchase one of our multi-covered, stain resistant, fluid proof, bedbug resistant mattress we will buy it back at 25% of the original price and we will cover the shipping! This buy back program does not affect our 16 or 24 month replacement guarantee if they are stained or un-rentable after 12 months! It also doesn't affect our 10 year Non Prorated Warranty.

Attached are all the terms and conditions.

If your tired of mattresses that don't make you very much money than try us and see why most of our dealers are on pace to get 36 months of rental revenue on each mattress, while proactively reducing their risk to bed bugs at the same time!

Best of all with our new buy back program, our guaranteed net price to you is comparable to your current mattress vendor pricing and we have longer and better replacement guarantee's and product warranties.

Give us a call to discuss details and we can provide lots of references upon request!

Isn't it time to finally make good money renting mattresses?

Also, don't forget to ask us about our 90 days extended term step payment program.

God Bless

Jeff Hayes
