

your guide to what we offer...

valid from 25th April 2011 until further notice

We do things differently...

Here at Full Circle Media we believe that the best way to get you and your band or business noticed in today's fast moving world is with fantastic and professional looking audio/visual productions which get your points across.

However up until now, getting the best look could often cost a lot of money, which many of us just couldn't afford.

Things are about to change...

Using the latest camera technology we are able to provide professional looking videos with a fast turn-around at a low price.

So take a look at the services we offer and see why we are the video production people.

So, what`ll it be?

Music Videos

If you're an unsigned artist you know how much hard work you have to put in to get yourself noticed. Full Circle Media can help with a great looking music video which can fit any unsigned artists budget.

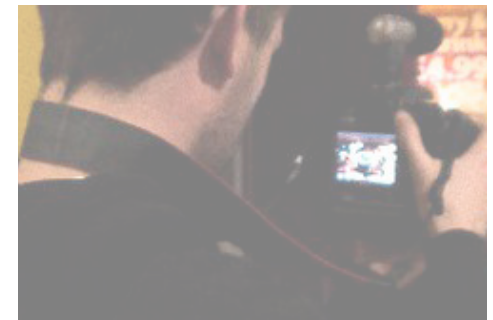

Business Advertisements

In todays fast moving world, businesses need to compete at a fast pace and so an online promotional video telling the world about your business could be just what you need.

Event and Promotional Photography

Did we mention we can even do photos for your special events? Well we have now. Music gigs, parties or maybe just some promotional photos advertising your band or business, we can help and with Full Circle Media it will always be a great value price.

For our prices see the next page!

Our price guide.

Prices for music videos and adverts will vary depending on what you want from it. For example, to shoot an advert on public ground (such as in a street or park) we need to get a permit from the local council or landowner to gain permission for filming and usually these permits have to be paid for, but don't worry we'll sort the licensing out and get the best price for you!

However, if you're a business who wants an advert shot on your own premises, or you're a band who has already arrange their own location you won't need a permit and the price we quote to you will reflect that.

For event photography we advice that you contact the premises on which the event is being held to ensure that we are able to take photos for you, usually there shouldn't be a charge for this.

The guide to the right of the page shows our basic price guide. This is the basic price we charge per video for our services, not including any permits, extra equipment or travel costs incurred.

None of our prices include VAT as we don't charge it.

Product	Our Service Charge
Music Video	£49.99
Advertisement	£49.99
Event Photography	£49.99
Promotional Photos	£19.99
