Enhance switching for a better network. With 3 for 2, it's exceptional price/performance value.

Times may still be tight, but HP Networking has a way to help your budget achieve even more. So you can really improve connectivity for your small or growing organization. This money-saving offer is on selected switches from the HP V1810 Smart Managed family and the HP V1910 Advanced Smart Managed family. Whether you deploy them at the Edge or the Core, these leading switches are designed to support a network that's flexible, secure and reliable.

The world's most popular switches... now even more attractive.

- With so many networks running on HP Smart Managed switches worldwide*, you're choosing a leading solution.
- Featuring two of our leading Smart Managed switch families.
- This 3 for 2 offer delivers unbeatable value per port.

Key advantages of the V1810 series:

- HP's entry level plug and play, Web managed Gigabit connectivity switching family.
- Quiet fanless operation for open space environments.
- Simple and flexible deployment options (choose from desktop or rack mountable).
- Connect users securely and prevent Denial of Service attacks.
- Can be powered by an upstream PoE switch (8 port only).
- Energy efficiency features to drive down ownership costs (Miercom certified).
- HP Lifetime Warranty¹.

HP V1810-24G Switch (J9450A)

HP V1910-24G Switch (JE006A)

Key advantages of the V1910 series:

- HP's advanced plug and play, Web managed Gigabit connectivity switching family.
- Secure user access with Access Control Lists, Auto Voice VLAN support and 802.1x authentication.
- Manage multiple V1910 switches as one entity using single IP management.
- PoE and PoE+ models.
- Energy efficiency features to drive down ownership costs (Miercom certified).
- 3 year warranty.
