Jacklyn began riding as a young child and focused exclusively on dressage from age 11. She became a student of Ashley Holzer in her early teens and under her guidance trained to the FEI levels with her Dutch gelding Dunkaschon. They won 3 medals for Canada at the North American Young Riders Championships and were short and long listed for the Canadian Dressage Team. Jacklyn was a working student with Ashley in New York prior to traveling to Germany where she trained with Uwe Sauer, Udo Lange and Christilot Boylen. She has also worked with Eva Maria Pracht and Wolfgang Michaelis.

Jacklyn has a wealth of experience with horses and riders from basic through advanced levels. She has studied psychology, physiology and communication to enable her to providing optimal training experiences for her clients. She has built a reputation that demonstrates integrity, personal investment in her students and an uncompromising approach to the horse's well being. Jacklyn is based in the Paris-Ancaster area and is available for lessons, training and clinics.
