*A unique concept in Party & Wedding Entertainment...*

### **Have your Wedding Day captured on Canvas Provides unique Entertainment for you and your guests The Best Memento of your special day**

#### **How does it Work?**

With consultation, Australia's Celebrity Artist, Donna Gibb will design a painting especially for you. Then one of her Artists will come to your wedding and paint with your guests, creating a beautiful pictorial memory with all the special people in your life.

The painting is started at the beginning of your reception, when the Bridal Party are having their photographs taken, and the guests are left to their own devices.

**By having your own Artist in Residence, your guests are able to contribute to the art work, and help capture the atmosphere of your special day on canvas which can be treasured for many years to come.**

Once your guests have painted, they can then **write a special message on the back of the canvas.** It is a wonderful way for your family and friends to meet each other over a paintbrush. This is the best way to entertain your guests, as well as provide you with a unique memento from your wedding.
