

KASLER COLLECTION

Understated elegance flows effortlessly through the gentle curves of the Kasler Collection. The medium walnut finish on walnut veneers is the first break with contemporary tradition that this unexpected gem makes. Bent wood drawer-fronts, accented with polished graphite grey hardware, create graceful curves that carry from each case piece to the bold slope of the bed rails. Sleigh headboard and low-profile footboard lend to the contemporary European feel of the collection.

MONTROSE COLLECTION

Your taste requires a conservative design that blends effortlessly into your home. The Montrose Collection's elegant lines flow with a rare blend of boldness and restraint. The classic design elements, such as acanthus leaf carvings and heavy base moldings, that grace the case pieces, are softened with graceful curves that transition the eye to the framed book-match ash burl veneers and decidedly bold finials of the stately mansion headboard. Completing the look of the collection is a warm brown finish and antiqued brass hardware.
