## CAMPSITE INFO

You may park a vehicle next to your tent. One vehicle per tent please, extra vehicles should be moved to the adjacent parking area. The campsite is a rough grass field, reasonably flat and not normally prone to excessive mud. However if we have very wet conditions prior to the event we MAY have to restrict vehicular access to the campsite. Please adhere to all requests made by camping stewards - we have a legal requirement to ensure access to all areas for emergency vehicles. Camp in the area allotted by the steward and you will have to move your tent! Swynnerton is an active military training area and we must comply with camp standard operating procedures and Health & Safety policies. The rules are simple..
