Tiger glögg

Get into the Christmas spirit the Scandinavian way with Tiger glögg. Next time you open a bottle of red wine and don't finish it, keep the remaining wine and pour it into a cooking pot. Add a generous amount of the glögg spices that you picked up from Tiger and then slowly heat up the mixture. When the wine and spices start to bubble, turn the heat off. Now for the hard part.

You have to let the mixture sit for at least 4 hours, or better still overnight. Then sieve the mixture to get rid of the spices and there you have it! The famous taste that makes red wine change its name to glögg. All that remains to be done is to add raisins, chopped almonds and any schnapps or cognac that you think will improve it. Skål! and Merry Christmas! Oh yes, the glögg spice mix is £1 at Tiger.

Wrap school

Make sure you have lots of space. Clear the table or move the furniture and use the floor. Lay out all your materials within easy reach. Now you're all set. Grab a shiny gift bag or cut some wrapping paper – the hologram pattern is cool – wrap it round the gift, and use the magic tape as it is almost invisible. Choose one of the many ribbons: shiny, gingham, red satin or jute to tie the parcel up. Finally add the Christmas touch with Santas, self-adhesive bows, hearts and birds or make your own gift decorations using glittering pipe cleaners, origami paper, metallic card and glitter glue. What else? Oh yes, cards and gift tags. It all comes in £1 and £2 packages. Happy Christmas preparations at Tiger.
