The recent social events in
Iceland must be deeply studied !

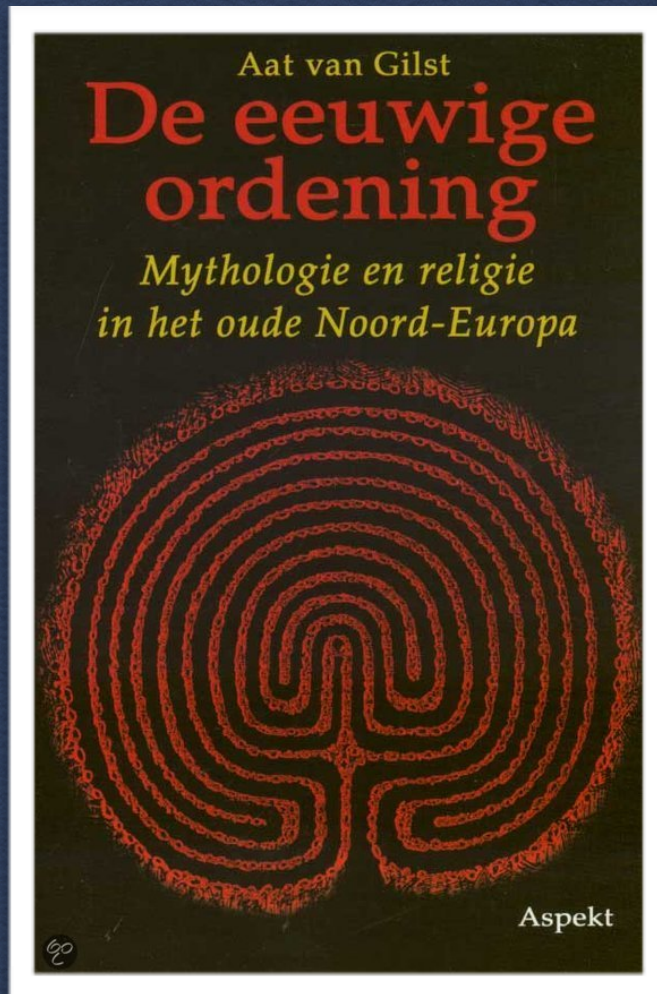

**THE MEDIA BLACKOUT OF
ICELAND CONTINUES...**

Iceland has forced resignation of
its government; de-centralized the
entire Icelandic banking system;
and the **PEOPLE**
rewrote their own constitution.

Why should we not hear of this?

We are not alone !

Our main goals are : Enjoy Life, Travel, Meeting Friends, Having Fun... and help the 4th World : the poor people of Nordlandia.

Only one "Dogma" : We have a "Navy Blue & White" Look & Spirit...

The "Black Clothes" look is not allowed among us due to its bad references and its negative impact on the past and actual social memory of Europeans.

NORDLANDIA SEMINAR

Our vision can be shortened in one image and a few words :
"Los von Brüssel, Los von Rom, Los von Mekka und Los von Wall Street..."

SÜD-TIROL

IST NICHT

ITALIEN!

We are Norht-European Regionalists, Confederalists and Sovereignists... and so not involved to any ideology or system that intends to dominate or rule the world.

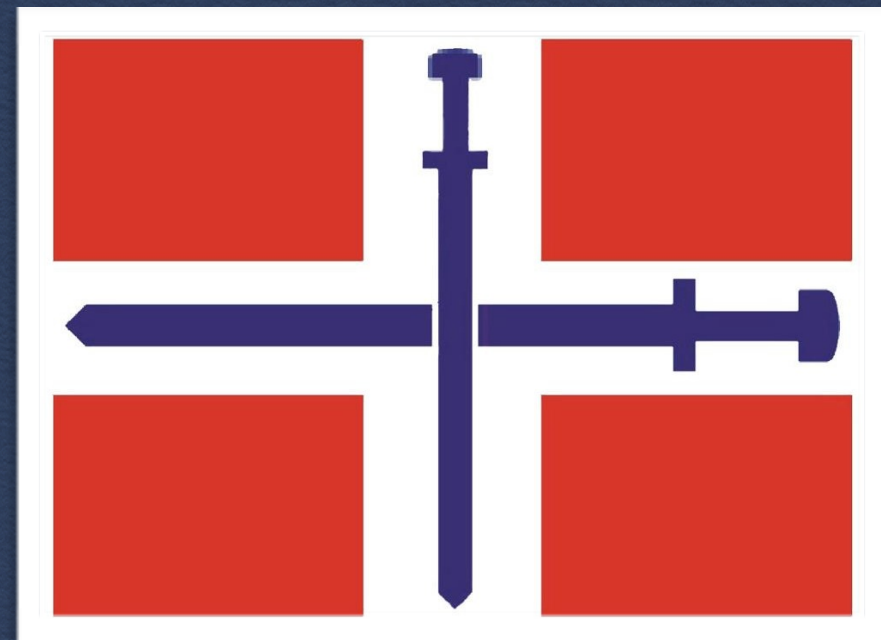

Our opinion is clear :
Sozial und Kultur kampf für eine
Confederal Hansa of Nordeuropa

*We take also
clearly side for
Peace & Democracy
in the Middle-East :*

In order to mark our solidarity with others growing European movements as well as for marking our Nordeuropean particularism, we adopted a logo having a family-look with them.
