## About Me!

Name : Sam Coomber  
 Nationality : British, Welsh  
 Location : London, UK  
 Years Experience : 6 Years  
 Education : Major in Graphic Design

## Personal Statement

I am a motivated, adaptable Graphics Design graduate, trained and specialised in Motion Graphics with over 3 years extensive Design experience with-in Adobe software, such as After Effects, Illustrator, Photoshop and inDesign. I'm keen to work with and develop new techniques and methods to maximise my potential.

I am a trustworthy and reliable person, enthusiastic about taking on new challenges and responsibilities. I enjoy working as part of a team although I am confident in working alone. Through previous employment I have gained experience in bar work and as an active co-ordinator with children, in both situations I have enjoyed interacting with people in a friendly environment.

*"There is no charge for awesomeness"*

## MY LIFE

My love for graphic design stems from my passion to create while solving problems. It's like combining art and maths. You get to create something stunning while figuring out the best solution to make it work. Also, the ability to represent yourself and your client through your work is an honorable feeling.

As hobbies go I am a very active/sporty guy. Mainly playing team sports, I do go to the gym and run as much as I can. My biggest passion is rugby union but I have played rugby league for my University and as a Welsh student. Other than active hobbies I am a keen photographer and I love taking urban photography, highlighting the hidden features of the city nobody gets to see.
