

Cafe de Crepe

*Sweet & Savory
Bliss*

fresh ingredients

fun presentation

great for kids

gluten-free options

Cafe de Crepe creates sweet and savory meals for breakfast, lunch, dinner and dessert—and tempting treats for every snack in between.

From the light savor of the Marguerite (tomato, basil, garlic and mozzarella) to the sinful indulgence of the Madeline (strawberry, sweet cream and whipped cream), there's a dish for every desire.

Kids—big and small—love seeing their meal made before their eyes, and the final wrapped “cone” presentation is an experience in itself.

Guests often finish their meals with a delightful scoop or two of hand-crafted ice cream or an invigorating fresh fruit smoothie—both of which are made with only the freshest, essential ingredients.

Cafe de Crepe has two convenient cart locations in Portland: Mississippi Marketplace and Good Food Here.

During the summer, Cafe de Crepe can be found at the Beaverton, South Waterfront, Kenton and Montavilla farmer's markets.

Stop by and enjoy our selection of crepes made using the best local ingredients!

About the Owner...

Chayanid Walton honed her skills and palate working in restaurants and fine dining establishments in Toronto, Charlotte and Portland.

She studied Culinary Arts in Washington and co-launched her first crepe cart in 2011.

(At 43rd)

When most people hear the word, "crepe," they think *dessert*! Cafe de Crepe certainly does feature a tantalizing variety of sweet treats, but our innovative savory options leave customers making all sorts of "nummy sounds," with eyes closed.

Our delectable smoothies are dairy free and made using real fruit (except, of course, the green tea smoothies). We use soy milk and honor "no sugar" requests, which means you get all the flavor and energy without undesirable additives.

The "cone" presentation of our crepes makes for not only a convenient meal or treat on the run for adults, but a fun and novel bundle of goodness for the kids.

Cafe de Crepe is the perfect stop during an outing with the family or for a quick bite while on the go.

Crepes are fun, affordable, fast and satisfying!

Cafe de Crepe is sensitive to our customers' diverse needs and preferences, providing gluten-free, dairy-free and vegan variants of many of our menu items.

Every item is customizable and created before your eyes!

Our batter is precisely mixed for a light, fluffy texture that won't fall apart in your hands.

For those with specific dietary requirements (or a taste for it) we offer a buckwheat version of our shell.
