## AWARD WINNING JEWELLERY DESIGNER, JESSICA NOBLE LAUNCHES NEW COLLECTION AT DESIGNERSBLOCK EDITION 16

ONE OF 50 TOP NEW GRADUATE DESIGNERS TO LAUNCH NEW COLLECTION AS PART OF LONDON DESIGN FESTIVAL

Showcasing her new jewellery collection at Designersblock Edition 16 at The Southbank Centre between 18 – 22

September, Jessica Noble has been selected by Arts Thread as one of 50 top graduate designers in the UK

The 'Synergy' collection has been awarded several industry awards for craftsmanship, innovation and design. Hand formed swathes of silver wrap fluidly around contours of the body, offset with the vibrant colour of crushed and inlaid gemstones and enhanced by a subtle translucent light.

Focused around the streets of London, the collection responds to the energy and exhilaration found in the everyday city landscape and capture ideas of modern urban social theory, inviting celebration of the contemporary evolution between man and space.

Launching her independent jewellery label specialising in exclusive fine jewellery, with an on-trend and playful edge, Jessica Noble Design aims to lead in the marketplace for upbeat, on-trend and socially engaging jewellery sales through today's emerging culture of pop-up boutiques, interactive events, and fleeting high impact promotions. Jessica Noble is passionate

about design and enjoys an energetic approach to her work. Pieces are crafted to encourage fun, accessibility and engagement.

Now exhibiting across the UK, Jessica is happy to work on commission to create individual pieces.
