HELPING YOU SAVE MORE

Who Are We?

Founded in 2008, GiftCardRescue.com is an industry leader in the secondary gift card market. We received our "big break" on the ABC show, Shark Tank, where we successfully landed an investment. This year, we made the [Inc. 500](http://Inc.500) list as the 151st fastest-growing private company in America.

Our Mission

The average household has over \$300 of gift cards going unused. At GiftCardRescue.com our goal is to reduce the gift card breakage and turn those unwanted and unused gift cards into cash. In addition, we strive to help our consumers maximize their savings by offering up to 30% off on discounted gift cards to over 450 national merchants.
