

This is to certify that a personalized copy of KLOON, a hand-painted limited edition storybook, is being created for:

Kloon is the way we pronounce the word “clown” in French. Your beautiful storybook will contain many scenes from Paris; some true, and some fictional. Each and every scene will be painted by hand, and will tell the story of the how the world’s greatest circus was created by an orphan boy who overcomes his greatest childhood fears to give the gift of laughter where there once was none.

Your book is in production, and we look forward to sharing it with you!

--La Famille “Kloon”

In the book of Kloon, an orphan boy is forced to work in a factory under horrible conditions...

... that is, until he is kidnapped by a secret society of clowns.

The boy is amazed by their antics, and could be tempted to live in their secret underground world forever...

...except that he has a dream of his own.

He will bring joy to the places where hearts are heaviest...

...where there is no laughter...

...and where light might just chase away the darkness
of his greatest childhood fears.
