

DP World has a portfolio of more than 65 marine terminals across six continents⁽¹⁾, including new developments underway in India, Africa, Europe, South America and the Middle East.

DP World – UAE Region operates 3 ports within Dubai – Jebel Ali Port, Mina Rashid & Mina Al Hamriya. All ports are poly-functional in nature and handle all cargo types and passengers as well. In addition we also operate the container terminal at Port of Fujairah. DP World – UAE Region has a dedicated, experienced and professional team of 6,000 people serving its customers around the world, and the company constantly invests in terminal infrastructure, facilities and people to provide quality services today and tomorrow, when and where customers need them. Our on-going expansion plans include a new container terminal facility at Jebel Ali Port, cruise terminal at Mina Rashid and traditional wharfages at Mina Al Hamriya.

In taking this customer-centric approach, DP World is building on the established relationships and superior level of service demonstrated at its flagship Jebel Ali facility in Dubai, which has been voted “Best Seaport in the Middle East” for 19 consecutive years.

www.dpworld.ae

- Buses / Bus will depart from Dubai to Jebel Ali Port. Once the guest arrives at Gate No. 4, they will be escorted to the Concern location.
- Our professionally trained guide will join them for a port tour. You will cover the following sites:
 - Terminal 1
 - RORO facility
 - Terminal 2
 - Quay side
 - Empty yard
 - Cold Store
 - Container Freight Station
- The guide will narrate the Port operation whilst on the move and the guests are encouraged to ask any questions.
- The duration of the tour will be 45 minutes after which the guest/s will be escorted back to our office.
- They will then exit the Port.

Note

- *Bus number plates, names and designations of the guests should be given to the organiser at least 2 days prior to the event*
- *Photography is strictly prohibited*
- *Safety gear is not required as the participants will be touring the port in the bus only.*
