

March 1 marked another hallmark in Asclepian history, when the 37th Turnover Ceremony was held at The Grand Tower Iloilo to welcome the newly elected officers for S.Y. 2014-2015. The event, organized by the Batch 37, kicked off at 6:00 pm to much fanfare as each Asclepian arrived in an outfit from the 1920's. This year's event had the theme "The Great Gatsby" and the ballroom was filled with feathers, pearls, bowties, blacks, and whites.

Batch 37, Batch 36, Batch 35, Batch 34 and senior Asclepians anticipate greater heights in the future

Some of our talented brothers and sisters amazed the crowd with their special performances

Dr. Felice Garingalao-Molina of Batch 12 led the program with her opening remarks, followed by a special message from Batch 36's adviser Dr. Jose Nemecio Granada of Batch 4, and the closing remarks were given by Dr. Generoso Licup of Batch 12. The event brimmed with touching moments as the officers from Batch 35 passed on their will to Batch 36's officers: GLA Thessa Mae Ecarma to Angeli Nicole

Portigo, SMA Wilkinson Gacayan to Denise Granada, JLA Geleen Procionos to Argee Alonsabe, LCSK Jennifer Mabilangan to Cyril Pete Misoles, LH Ma. Nerissa Langurayan to Frenzy Otico, and LC Camille Gorospe to Nadine Sameon. Tokens were given along with the reminder to stay strong as a family and keep the Asclepian spirit burning.

Together with the members of Batch 37, Batch 36, Batch 35 and Batch 34, the event was graced with the presence of senior Asclepians: Dr. Jimmy Jay Bullo of Batch 14, Dr. Joselito Villaruz of Batch 12, Dr. Agnes Gerasmo of Batch 12, Dr. Ma. Sancha Apolto-Garcia of Batch 8, and Honorary Member Dr. Elmer Hubero.

The event capped off with the singing of the Asclepian Song and concluded with great success.

Good luck to the newly elected officers and more power to the Order of Asclepius! ###

The newly elected officers. Left to right: LC Nadine Sameon, JMA Argee Alonsabe, GLA Angeli Nicole Portigo, MCSK Cyril Pete Martin Misoles, SLA Denise Patricia Granada, and MH Frenzy Otico
