Greetings, and Welcome, Wellness Seeker !

Hi, Joe here and to start I thought you might like to have a look at what Juicing can do for you! Let me briefly tell you how I started Juicing. It all happened due to a scare that took me to the hospital one very early morning! The end result was the Doctor wanted to prescribe medications for high blood pressure and high cholesterol.

I've been very healthy all of my life and didn't want to start now on medications unless there was no other way! My wife, a retired nurse, and I decided we could reduce these numbers naturally. We

started Juicing! Within a matter of a few weeks my readings were within normal ranges! Since that time we have met many folks who have one success story after another all claiming Juicing changed their lives! And, both Shirley and me have become much better as well! We both have more energy, less allergy problems, weigh less and feel a lot better!

On this site you'll find a number of very beneficial articles. Let me encourage you to review the materials here if you have not already done so. Scroll to the Footer below and click on "Site Map" to access the articles, etc.

Inside you'll discover . . .

=> That you too can reduce your blood pressure readings like I did, or how to delay getting

to that point, perhaps for as long as you live!

=> **How you can reach your best weight, naturally! No meds or other high priced schemes!**

=> How Juicing is essential to your better health!

=> **Find how easy Juicing is! There's so much to tell you - all of it helpful and beneficial!**

=> How to have all the energy you need without using bad-for-you stimulants like energy drinks or a daily caffeine overdose

=> **Whether or not a Juicing fast is good or bad for your health!**

=> How Juicing at home is a life-changing experience for your long-term greater wellness.

=> **Many recipes designed to get you started with good tasting combinations.**

=> How proper Juicing can reduce symptoms or possibly even cure whatever's bothering you!

You'll discover even more through this free Juicing Mini-Course which will be a Great start for your Juicing

experience. Or, if you are already juicing you'll pick up some valuable additional info, Free! This course will not only get you on the right path to a lifetime of better health but it will reveal the path to a higher quality of life !
