

Without community action, in October,
Your library may be open just **four days a week**,
for only **four hours at a time**.
That's only **16 hours per week**.

Is this the service our community deserves?

Librarians and libraries are the connection
between us and the world.
Without funding, services to this community face drastic cuts.

This is **your** library,
and your opinion makes an impression.

**The Finance Committee and County Commissioners
will meet to discuss next year's library budget.**

**COME OUT AND TELL OUR ELECTED OFFICIALS
TO FULLY FUND OUR LIBRARIES NOW!**

When: Wednesday, April 23 at 9:30AM
Where: County Hall, Stephen P Clark Government Center
111 NW 1st Street
