AH. SH. DILSUZE

CONST & SUPPLY Co.

1- AH. SH. DILSUZE Const & Supply.Logistics .Services.Co.

AH. SH. DILSUZE Const & Supply Co., founded in 2003, is an industry leader and regional provider of technical, logistical and operational support to local and international clients doing business in Central Asia and the Middle East.

As a privately owned company with more than 2,000 employees, AH.SHCO has earned a reputation for excellence in the performance of a board range of services for governments, multi-national corporations, international aid agencies and private clients. Our core business is focused on the following activities.

- Operation & Maintenance
- Life Support & Food Service
- Vehicle Leasing & Maintenance
- Logistics
- Construction
- Information Technology
- Sponsorship & Manpower Supply
- General Trading

With offices strategically located throughout the all provinces of Afghanistan, AH.SHCO has the resources, experience and successful past performance to provide our clients with a unique combination of services, not only across various elements of work, but also across the entire geographic region, creating a One Region – One Partner value proposition for our customers.

The AH.SHCO team is in-place, postured to respond quickly to short notice tasking, accelerated work schedules, and the management of multiple, simultaneous projects. We guarantee low risk, experience-based contract performance, and have the track record to prove it. It would be our pleasure to perform as an instrumental part of your team.

Our Mission

AH.SHCO mission is to serve our clients with quality, integrity and affordability. We ensure total customer satisfaction throughout the life of all contracts, adopting the customer's mission as our own and innovatively addressing customer's challenges. Our employees are dedicating to providing superior quality services to meet the needs of our customers. We guarantee commitment to establishing the supportive environment, teamwork and disciplined process required to safely accomplish our assignments and meet our client's needs.

2- Construction

AH.SHCO has built a wide-range of construction projects under very demanding conditions. Guided by safety and quality practices that meet international standards, our workforce of architects, civil engineers and skilled tradesmen has the tools and equipment necessary to design, manage and construct all types of facilities and structures. AH.SHCO can provide your company with construction services for the following types of projects:

- ✚ Housing Complexes
- ✚ Retail Buildings
- ✚ Recreation Facilities
- ✚ Roads & Bridges
- ✚ Demolition Services
- ✚ Warehouses & Hangars
- ✚ Earthworks & Infrastructure
- ✚ Water & Electrical Systems
- ✚ Runways, Aprons & Hardstands

AH. SH. DILSUZE

CONST & SUPPLY Co.

Engineering Qualifications:

AH. SH. DILSUZE Const & Supply Company Ltd (AH.SHCO) is a premier engineering construction company. Its national stature is well established and it enjoys the reputation of being one of the top engineering & construction companies in Afghanistan and is ranked amongst all of the qualified construction firms in Afghanistan.

AH.SHCO offers a broad spectrum of expert construction services ranging from conception to the completion and operation of development project. The scope of these services covers feasibility studies, surveying & covers feasibility studies, surveying & mapping, investigations, designs, tender & contract documents, construction/installation supervision, contract management and post- construction services as well as services in the information technology, monitoring, fire alarm, alarm systems & evaluation, social and integrated rural development sectors.

AH.SHCO, with expertise in all engineering disciplines, specializes in the power and mechanical fields, architecture & planning, environmental & public health engineering, engineering for military buildings/facilities, industrial work, heating, ventilation & air- conditioning and computer applications. Having 2 field offices all around Afghanistan, our company operates very well under harsh war zone conditions, since the power interruptions are frequent and security issues are always a concern in the country our company strengthens the language skills, cultural sensitivity, and the business and political networks that are so vital for operating effectively and safely in Afghanistan.

At present AH.SHCO has staff strength of 15 employees including about 10 highly qualified engineers. Architects, planners, institutional development experts and other professionals. AH.SHCO therefore has a unique capability of providing at one source, coordinated expertise covering virtually all aspects of developmental projects.

Team coordination:

Effective team coordination is critical to meet the construction schedule, while adhering to all design and engineering specifications and requirements for

AH. SH. DILSUZE

CONST & SUPPLY Co.

Design & Construction; The Team has a day –to –day contact with principal, CEO of AH.SHCO during the design phase and conducts weekly progress review meetings.

These weekly meetings will be organized around progress reviews regarding key design milestones, issues discussions and resolution, key open questions, as well as short –term and long term next steps. During the construction phase, principal CEO of AH.SHCO will oversee a suite of regular meetings that are described in table below.

Meeting	Frequency	Participants
Site/Field	Daily	Described Below
Quality Control	Daily	Described Below
Full Subcontractor Team	Weekly	Described Below
Senior EC project Team	Weekly	Described Below
Program Review	Monthly	Described Below

Frequent communication is essential to success on projects with tight performance schedules.

Consequently, AH.SHCO hosts a number of scheduled meetings to ensure that appropriate communication occurs during the performance of the work, these meetings include:

- Daily Site Meetings – Participants include the construction Superintendent, QC representative, engineers, field staff and subcontractors. Safety issues and the plan of the Day are discussed.
- Weekly progress Review Meetings– these meetings will be entitled “Construction Task Force Meetings” The participants should include representative (s) from the USACE, the project Manager, the construction Superintendent, A/E Representative, QC representative, engineers, field superintendents, field staff, and the subcontractors’ representative (s), work progress is reviewed and issues are discussed and resolved.

AH. SH. DILSUZE

CONST & SUPPLY Co.

- Weekly AH.SHCO Project Team Meetings – participants include AH.SHCO senior staff members and project management personnel, work progress is reviewed against budget and schedule; execution issues are discussed and resolved.
- Monthly Progress Review Meetings- Participants include representatives from the Clients. AH.SH.CO senior management staff, the project Manager, the Construction Superintendent, A/E Representative, and QC Representative, work progress is reviewed against schedule, the schedule is updated, issues are discussed and resolved.

Quality Control Process:

AH.SHCO'S Design/Build success relies on a sound Quality Control Plan (QCP).

Through our commitment to quality, our approach is cost effective, free of defect, and provides expected results, Our QC Manager is responsible for all aspects of QC, ensuring full compliance with client's requirements. Our QCP covers all design, construction, subcontractor, manufacturer, vendor, and supplier operations at any tier, all items shall be checked and approved by AH.SH.CO'S QC Manager (QCM) If found to be in strict conformance with the contract and approved design requirements, each item shall be stamped, signed, and dated by the QCM. Copies of review comments indicating action taken shall be included within each submittal. AH.SH.CO offers a dedicated range of services to the construction industry, AH.SH.CO tests construction products in specialized laboratories, reviews designs of buildings and infrastructure.

Performs supplier and contractor assessments and has arranged of construction site inspections. AH.SH.CO has close contact with several construction materials laboratories i.e. (ACLU),VICC providing professional testing services and operating under the relevant required accreditations these Construction materials laboratories are the first choice when you require testing by an independent testing and inspection organization, advice on quality of the materials and information on requirements for import and export of construction materials, AH.SH.CO ensures that these laboratories are enough

AH. SH. DILSUZE

CONST & SUPPLY Co.

capable of performing the following and some other required the following and some other required services for a faultless test results.

- Yield and Tensile strength, Elongation and bending strength of steel
- Design and mixture proportions of ordinary concrete and masonry mortar
- Compressive, Flexure and impervious strength of concrete
- Compressive strength of mortar
- Compressive and Flexure strength, setting time, Fineness and Soundness of cement
- Aggregate testing including checking of Fineness Modulus, Density, Lumpiness of clay,
- Crushed stone value, flat and elongated particles in coarse aggregate
- Compressive strength of bricks
- Density of soil
- Testing of polymer (plastics, paint and rubber) materials
- Environmental testing : soil , ground water , indoor environmental quality testing

Submittal:

Our approach to safety is based on integrating hazard analysis and risk assessment methods early in the design and taking the actions necessary to minimize the risk of injury or damage. Our record of QC is tied directly to safety. AH.SHCO staff and contractors all recognize that a defect or failure can result in personnel loss, cost overruns, and reduced capacity and lower quality. EC will develop a detailed and project specific Accident Prevention Plan (APP) for the safety requirements of this project.

Construction Management Philosophy:

The AH.SHCO Construction management philosophy is simple and straightforward. AH.SHCO'S management focus is on macro management to

AH. SH. DILSUZE

CONST & SUPPLY Co.

macro management, using it appropriately where it's required, according to the company setup and staff education level the management philosophy is designed and applied, close communication with staff and supervision are what AH.SH.CO management philosophy relies on, supervising the employees in order for them to do their job accurately and with good quality.

We deliver maximum value and service for our client's money, while finding solutions that are tailored to each client's unique situation. We use the highest standards of materials and craftsmanship. We use the most cost-effective building systems and construction methods. We are committed to achieving our client's desires and delivering excellent results within their pre-established time frame. We provide our clients with clear and concise presentations regarding costs, schedules, alternatives and options necessary for knowledgeable management decisions. Finally, we embrace the persistent and diligent evaluation of project requirements and objectives to achieve client goals.

Management Issues and Escalation Procedures:

AH.SH.CO's decision escalation and issue resolution processes are streamlined and allow for issues to be dealt with immediately and to the satisfaction of the client's on site managers. Project leaders and upper management maintain a close working relationship with the technical and administrative staff. This close relationship helps foster smooth transitions when issues that require immediate resolution arise. The majority of AH.SH.CO's leadership consists of hands-on managers, meaning that they are on site and able to deal with issues they arise. AH.SH.CO's on site leaders develop and modify work plans based on inputs from client, then modify personnel and equipment requirements as needed.

This construction management philosophy allows for early detection and identification of potential problem areas and the institution of corrective measures as soon as they arise. Client can rest easy knowing that AH.SH.CO's knows the issues and, by virtue of being on site much of the time, are able to make quick decisions resulting in little down time. Most issues will be resolved in real time due to the informal and formal daily interaction we use as part of our overall operating approach any issues that bubble up and require input

AH. SH. DILSUZE

CONST & SUPPLY Co.

from the AH.SHCO can be addressed immediately. Those issues that involve that involve longer lead time or broader consultation will be addressed in the weekly meeting in a manner that maintains the integrity of the project schedule.

Resource Commitment:

AH.SHCO's proposed management team and plan is structured to successfully design and build infrastructure projects in Afghanistan. AH.SHCO's strategy is built on indigenous and expatriate talent & knowledge. Specifically, we can mobilize as many as 500 people almost immediately. By organizing local Afghan expertise with expatriate Afghan talent, we believe this approach will provide an expeditious and effective impact. Notwithstanding the technical qualifications of our proposed team, AH.SHCO team members will function efficiently in the current environment of bureaucratic idiosyncrasies and weak regional administrations of the government.

Moreover, AH.SHCO team members and will comfortably function within the present security context in different part of the country.

Services:

- Feasibility Studies
- Reconnaissance studies
- Preliminary investigations
- Development of alternative proposal
- Outline design and cost estimates
- Evaluation of technical & economical festivities

Design:

- Preliminary design and costs
- Model tests
- Computer Simulations
- Detailed design and specifications

MEMORANDUM FOR Whom It May Concern

SUBJECT: Letter of Introduction

1. The bearer of this letter, AHSB Construction Company is a contractor at Bagram Afghanistan. AHSB Construction Company performs many projects at BAF but I am specifically aware of them bunkers, barriers and sandbags throughout the base.
2. AHSB Construction Company is easy to deal with and works quickly to resolve any misunderstanding the military may have regarding deliveries of force protection resources. AHSB Construction Company has won our respect as being a contractor we can rely on. Their pricing is fair and they have on occasion gone above and beyond the service expectations by providing trucks and cranes for military use without charge.
3. I highly recommend AHSB Construction Company for your consideration for award of contracts he qualifies for at Bagram, Afghanistan.
4. Questions may be addressed to the undersigned at DSN 318-231-2259.

MEMORANDUM FOR Ahmad Shah

SUBJECT: Letter of Recommendation for Ah. Sh. Dilsuze Construction Company

1. The individual and company listed above is recommended for future business and services to Bagram Airfield and other OEF supporting units. Mr. Ahmad Shah Dilsuze has provided timely and professional service to CJSOTF-A and Camp Vance from January of 2002 until January of 2007. I would recommend Mr. Ahmad Shah Dilsuze for any future contract bids or services necessary to support the efforts of Bagram and all other Operating Bases throughout the theatre of operation.

2. Point of contact for this memorandum is SFC Root or Logistic Center NCOIC at 231-4338.

SUBJECT: Letter of Recommendation for Mr. Ahmad Shah Delsoz Construction Company, Kabul, Afghanistan

1. The Facility Engineer Team at Bagram Air Field has seen many local contractors performing a wide variety of projects here on BAF. One of the better companies has been Ahmad Shah Construction. He was able to install a 110' x 110' concrete pad in the middle of winter under circumstances that would have deterred other contractors.
2. There are many obstacles that must be worked around for local national contractors who wish to do work on BAF. Ahmad Shah Construction was able to work through every issue that was thrown at him in order to complete the project.
3. It is my recommendation that the Coalition continue to do business with Ahmad Shah on Bagram, to include facility improvement as well as new construction.

SETH D. PLATT, Capt, USAF
Chief of Construction, FET

From the

Joint Task Force Motor Maintenance Platoon

We wish to extend our heart felt thanks for your hospitality and for showing us the true soul of the Afghanistan people. You have bridged a gap between our two cultures that we will not soon forget.

Let peace and joy come to our countries through understanding and embracing our diversity.

THANK YOU

Love never fails... faith, hope and love, the greatest of these is love.

CERTIFICATE OF APPRECIATION

OPERATION ENDURING FREEDOM
BAGRAM AIRFIELD, AFGHANISTAN

Presented to

HAMAD DELLSOZ

For your unwavering and timely delivery of over a 350,000 soil filled construction sand bags, and 1,968 perimeter barriers from April 10th, 2005 to February 28th 2006. You diligently kept accurate account of delivery status of materials and personnel. Even with Language barriers and times of unfavorable weather conditions, you always kept customers informed, rather by word of mouth through translation, written words, or by telecommunication. Your working relationship with US Military Personnel, Government Contractors, and Third Country Nationals reflects greatly upon you, your organization, and Bagram Afghanistan.

MEMORANDUM FOR RECORD

SUBJECT: Letter of Recommendation for **AH.Sh. Dilsoze** Construction Company

1. The AH.Sh. Dilsoze Construction Company constructed 13,000 meters of fence, 23 B-Huts and is a subcontractor with the IDIQ asphalt project.
2. The contractor is very professional and approaches each project with a tenacity to be exemplified.
3. I have no doubt that this company will continue to perform in an exceptional manner.
4. I feel very strongly that the AH.Sh. Dilsoze Construction Company should be afforded the opportunity to continue to be awarded contracts on BAF.

MEMORANDUM OF RECORD

From: Capt Lehmann, Contracting Officer

Subject: Letter of Recommendation – Ah. Sh. Diluze Construction Company

1. This memorandum serves to record my endorsement and recommendation consideration of Ah Sh Diluze Construction Company. I had the pleasure of working with Ah Sh and his company on several projects during my deployment to Afghanistan in 2007.
2. He is a very professional and provided a quality, timely product and service. He always delivered on time with the customer satisfaction is main goal. I never received a complaint about his service or professionalism from a single customer!
3. Ah displays a "can-do" attitude which I have nothing but extreme praise for his willingness and ability to provide the U.S. military his very best service and highest quality product each time.
4. I highly recommend him and his company for future projects and trust you will find the same outstanding results I have come to receive from him from my experiences.
5. Please direct any questions regarding this endorsement to Capt Gary A. Lehmann, (318) 231-4749 or email: gerald.a.lehmann@afghan.swa.army.mil or State Side DNS: 312-453-3970 or Email: gary.lehmann@minot.af.mil
