Eboard Member Biography

Viet Le displaying his leadership skills at Potluck.

As the Vice President of Umass Lowell, Viet Le has been making strides as an Eboard member. He has put himself out there, learning from his past mistakes. No matter what happens, he will try his best and adapt to the

situation. Viet Le is one of the most well rounded individuals I know, but yet extremely humble. This guy is one hell of a hard worker with extraordinary vision.

APRIL 2014

Upcoming Events

April 3rd: Elections

April 12th: Flag Football

April 16th: Scavenger Hunt

April 19th: Field Day

April 26th: Spring Carnival

May 2nd: VSA Banquet

Any Suggestions? Let us know!

Tuan's Birthday

At the last general meeting, it was Tuan's surprise party in disguise. Currently, Tuan is 23 years old and is the most fluent Vietnamese Eboard member. Let's just say Tuan's cultural knowledge has been awesome in coordinating this year's events.

Flag Football

For this upcoming month, VSA will be hosting our first flag football tournament in history. Thanks to the support and feedback from all you guys, such an event would have never come about. Mark and Jason will be leading this epic event. Come join VSA to have fun and get some exercise! The tournament will be double elimination style with 7 players on each team. If anyone has any questions or concerns, ask them on our Facebook page:
www.facebook.com/UMLVSA

Dat Nguyen, a former NFL player, was the middle linebacker for the Dallas Cowboys in the early 2000s.

VSA Banquet

"VSA Banquet is the celebration of new Eboard members."

Last year, VSA Banquet was the last event of the academic year. VSA Banquet symbolizes the transition of the new Eboard core. General members and faculty staff were invited to celebrate and had a fabulous time. This year's banquet will be no different as next year's Eboard race is slowly dwindling down. Stop by and support VSA!

The guy above is thee David Bui.

David Bui, the man who lost his other half, has become more than one. In short, David Bui is one of the greatest gifts that have been sent down on this earth. His story is one that must be told around campfires to inspire little children to accomplish bouts of bravery, intelligence, and determination. Through the incredible abilities bestowed upon him, David has made significant contributions to VSA. He has maintained stellar attendance to the club's meetings and events. David has also volunteered in helping to run events such as the Christmas Potluck and Tet at Lowell. Read more about David's story on UMass Lowell VSA's Facebook page.

Field Day

On April 19th, Field Day will comprise of several activities such as ultimate Frisbee, kickball, whiffle ball, volleyball and other mini-games. Similar to one of our last general meetings in the fall semester, this will be held in a similar fashion such as the mini Olympics. Along with flag football, this will be one of our main outdoor events where everyone has a chance to become a champion!

Miss Laurie Tran

A member that everyone should get to know is Laurie Tran! She is a determined and hardworking freshman, majoring in biology with a concentration in biotechnology. She will be spending her summer working as an intern at Immunotrex, a biotechnology company. She is being honored as VSA Member of the month for her continuing hard work for VSA. Laurie has been a big part of the Tet at Lowell since 2006 when she was not yet a student at Umass Lowell. Since she became a member of VSA, she has volunteered her free time to help different activities such as Vietnamese Food Workshop, decorations committee and fashion show committees for Tet at Lowell. She was co-leader of the fashion show this year.
