Drop - in Crafts

Every week a different craft for you to complete on the table in the kid's corner!

How can I earn extra raffle tickets for prizes?

1. Attend programs and have your journal stamped. You'll earn an extra raffle ticket for every program you attend!
2. Fill out a book review sheet about a book you've read and hand it in. You'll earn three extra tickets.
3. Pick up a nature scavenger hunt sheet and complete it with your family. Turn it in for 3 extra raffle tickets!

Summer Reading 2104

Middleburgh Library

323 Main Street, Middleburgh, NY 12122

(518) 827-5142

www.middleburghlibrary.info

How does the Summer Reading Program work?

- Come to the library beginning June 16th to register.
- Sign your name on the yellow pad and pick up a reading record to take home.
- Register for fun programs based on your interests and grade level.
- Pick-up your "Experiment Journal" at the Circulation Desk.
- Check out some great books &
- **READ, READ, READ!**
- Keep track of how many minutes you read on your reading record. For every 200 minutes you read, you'll earn a raffle ticket for great prizes.
- Come to the library to check out more books.
- Attend programs and have your journal stamped.
- **READ, READ, READ!**
- Bring your completed reading record and journal to the Circulation Desk starting August 11th. Pick-up your good-bie bag of prizes and your certificate.
- Total your reading minutes and the stamps in your journal to see how many raffle tickets you receive.
- Enter your tickets by August 20th for the prizes you most want to win! Prizes will be drawn on Thursday August 21st.

Get ready for some good old fashioned, face to face social interaction! We'll be playing some new and exciting board games all afternoon. Snacks will be provided! *For kids going into grades 2-6. Registration is required.*

Wednesday July 23rd at 1:00

Mirror Magic

Mirror, mirror on the wall.....learn about the how's and why's of reflection using a variety of kaleidoscopes. Each participant will create a kaleidoscope to take home. This program is presented by the **Scotia Glenville Children's Museum** and is for kids going into grades 2-5. *Registration is required.*

Thursday July 24th at 1:00

Fizz, Boom, Legos

Get ready to use your engineering skills to create a kinetic object - that means something with moving parts. It's up to you how you use your imagination to complete this challenge. *Registration is required. For kids in K-5.*

Monday July 28th at 2:00

Robot-a-thon

What's a Robot-a-thon? We'll be using all kinds of recycled materials to make robots of all shapes and sizes. *Registration is required. For all ages.*

Wednesday July 30th at 1:00

Einstein's Megatronic Cosmic Cafe

Get ready to enjoy a mystery lunch prepared and served by a group of "Mad Scientists". You'll be served four courses containing delectable offerings like Quark Soup, Rechargeable Batteries and Titanium Electrons. Yum! And when you're finished, sit back and watch the movie **Robots!** *Registration required. For kids going into grades 2-5.*

Thursday July 31st at 1:00

Mother/Daughter American Girl Tea Party

Step back in time as we explore the world of American Girl Samantha Parkington! Bring your dolls (It does NOT

have to be an American Girl Doll) and your Mom to the library where we'll talk about what it was like to be a girl in 1904. You'll make a Victorian craft and a calling card to bring to the Best House where we'll have our tea party. Girls and Moms will meet "Mrs. Best," enjoy lemonade and cookies and have a personal tour of the house. Each girl will go home with a goodie bag! *Registration is required. For kids going into grades 2-6.*

Monday August 4th from 6:00-7:30

Science @ the Library

Have a blast conducting hands on science experiments in a science fair format. Retired scientists and engineers from GE's Elfun Society will be there to guide you. *No registration required. For all ages.*

Tuesday August 5th at 1:00

The Physics of Fun

Through the exploration of toys and gadgets from the last 50 years, discover how scientific principles of force, gravity, inertia, and friction make simple and complex machines move. *Registration is required. For kids going into grades 2-5.*

Thursday August 7th at 1:00

Shape Your Art!

Everyone knows the picture books written by Eric Carle and Lois Ehlert. We'll use their books as inspiration and create picture collages. *Registration is required. For kids going into K-grade 2.*

Monday August 11th & Tuesday August 12th from 1:00-2:30

Mysterious Shadow Puppets

Come learn about the magical tradition of shadow puppets. In this class, we will learn about the history of this art form and also design and build our very own shadow puppets. We will use modern and traditional techniques to bring our puppets to life. Students will put together a short puppet presentation to share with family and friends the final day. *This is a multi-day program and registration is required. For kids going into grades 2 -5.*

Wednesday August 13th at 1:00

Engineering Mission

Design & build a shock absorbing system that will protect two marshmallow "astronauts" when they land. This program is adapted from NASA's design squad and is taught by the educators from **MiSci**.

Registration is required. For kids going into 3-5.

Thursday August 14th at 1:00

Ew! Gross! Medicine in 1777

Get ready to get gross...join educators from the Bennington Museum as they tell us about some of the strange, outrageous and unbelievable medical and dental practices of the 18th century. This hands-on program will be held at the Dr. Best House and Medical Exhibit and will include a short tour of the good Doctor's strange and unique medical equipment from the 19th and early 20th centuries. *Registration is required. For kids going into grades 3- 6.*

Friday August 15th at 7:00

Jack & the Beanstalk with the Puppet People

The Puppet People are at it again! Explore the classic **Jack & the Beanstalk** and the science behind it. Find out what you get when you mix: 1 cow, 3 magic beans and one giant beanstalk - we're sure the answer is a **lot of fun!** *No registration required. For all ages.*
