Finest Instructors

We hire the best talent in the market and all of our trainers undergo rigorous training so that what you get is nothing less than the best. Our trainers are equipped with a number of techniques that they use to cater to individual needs of students

Why Us

MJA is a leading name in global education with over 14 years of experience, just because of our commitment towards excellence. We have imparted training to thousands of aspirants and helped them realize their dreams. MJA has a dedicated R&D team that continuously works to evolve teaching methods and problem solving techniques.

Customized program

We offer customized coaching to suit the needs of every individual. If our student requires more attention and time in a particular area we allocate more classes for that section. In-fact our faculty is very friendly and can be easily approached for extra doubt classes.

Vocabulary for TOEFL

We believe sound foundation is necessary for strong structure. That is why our preparation includes essential Vocabulary for TOEFL.

Personalized Attention

We believe that a course like TOEFL requires high level of attention. Therefore we keep our batch size very small: just 6-7 students per batch.

Recorded Speaking Sessions

We record student's speaking sessions for better and effective feedback. This is because that a student understands his problem areas better when he actually hears his voice resulting in precision and faster improvement.

Unlimited Doubt Sessions

When our students are stuck, they can get in touch with their faculty and get their doubts sorted out immediately. Doubt sessions from the faculty are available on one-to-one basis.

About Us

Founded in 1998 by **Mr. Mahavir Jain**, **Limca Book of World Record holder for memorizing the entire Oxford dictionary**, MJ Academy has set a benchmark in preparatory courses for global entrance exams like **GRE, GMAT, SAT, IELTS and TOEFL**.

Our director Mr. Mahavir jain pioneered the **Audio-Visual-Mnemonics vocabulary** technique which includes amusing links, illustrations & cartoons, relevant and interesting movie clippings, etc., through which you will be able to memorize thousands of words within few hours and with lifelong retention.

Since inception, the institute has helped more than **20,000** global education aspirants realize their dreams.
