

Transafe Indonesia acquire SKT ESDM for Mining Training service in Indonesia

Source: Transafe Indonesia

Dated: Jul. 15, 2014

Indonesian mining industry requires legal certificates for company engaged in the industry. Transafe Indonesia acquired Surat Keterangan Terdaftar from Indonesian Ministry of Energy and Mineral Resources (SKT ESDM)

JAKARTA, Indonesia -- Jakarta, Indonesia

Transafe Indonesia (www.transafeindonesia.com), received its SKT ESDM on Monday July 14th 2014. This Certificate registration Number is 1165/30/DJB/2014 and it fulfills the requirement for serving client requirement in mining industries as regulated by the government. Representing Transafe Indonesia to receive the certificate is Mr. Luki Tantra, Business & Development Manager.

Indonesian mining regulation Permen ESDM No 24/2012 Indonesian Ministry of Energy and Mineral Resources (Kementerian ESDM) divide legal certificates required for company engaged on mining industry into two types. Main business contractors and mining companies operate in Indonesia required to have SIUJP (Surat Ijin Usaha Jasa Pertambangan) while Surat Keterangan terdaftar (SKT) is required for supply, service and non main contractors.

With the possession of SKT ESDM, Transafe Indonesia as a leading Health, Safety, Environment and Quality (HSEQ) training and consulting in Indonesia has complete legal certificates to serve many industries. Current certificates of legalities held are:

From Indonesian Professional Certification Authority (BNSP): Tempat Uji Kompetensi (TUK) K3. This legal certificate allows Transafe to conduct **BNSP training and certification** for various Occupational Health and Safety.

From Indonesian Ministry of Manpower Department: PJK3 bidang Mekanik; PJK3 bidang konstruksi Bangunan; PJK3 Bidang Kesehatan Kerja; PJK3 Bidang Penanggulangan Kebakaran; PJK3 Bidang Lingkungan Kerja dan Bahan Berbahaya and PJK3 Bidang Listrik. These legal certificates allow Transafe to conduct **SIO training and certification** from Ministry of Manpower Department.

From Ministry of Oil and Gas Department: SKT Migas and Migas Official partnership institution for MIGAS training and certification body. These legal certificates allow Transafe to conduct **Migas training and certification**

Besides Certificates mention above, Transafe Indonesia also a member of International Safety Association which are British Safety Council member No.S0401956 - 12820, and National Fire Protection Association (NFPA) No 2968186.

Rizki Novanti Marketing Head says: "The requirement is fulfilled. Now we are available to serve our clients in mining industries all over Indonesia better".
