The Customer agrees to pay Systems Sales Corporation the total price plus any applicable taxes or fees (including a 3% service fee for payment with Credit Card). Payment terms are net (30) days from invoice date where satisfactory open account is established. Deposits or progress payments are allowable as per the schedule of values if applicable. Systems Sales Corporation shall withhold final system certification until customer account is paid in full, less agreed upon retention if applicable. Customer agrees to the terms and conditions herein, including those on the following attached pages and understands that these supersede any inconsistent provisions and understandings, oral or written, between the parties, including terms and conditions in any purchase order or other documentation submitted by Customer to SSC and that no waiver or modification of any terms or conditions shall be binding on SSC unless explicitly agreed to in writing by an officer of SSC.

Terms and Conditions

1. Terms of Sale of Equipment

(a) In the event any proceeding is brought against the Customer, voluntarily or involuntarily, under the bankruptcy laws or insolvency laws, or if the financial condition of the Customer at any time does not, in the judgment of Systems Sales Corporation ("SSC") justify continuance of SSC performance under this Agreement, then SSC may require full or additional partial payments of the total purchase price in advance or shall be entitled to cancel the order or any portion thereof then outstanding.

(b) Customer agrees to pay SSC an amount equal to 1% per month on all amounts outstanding which are not paid when due, but in no event shall such amount exceed the maximum amount by law. In any lawsuit arising out of this Agreement, the prevailing party shall be entitled to recover reasonable attorney's fees to the extent permitted by law.

(c) Customer agrees to immediately purchase equipment upon shipment and that title of equipment passes to the Customer upon said shipment. Installation of said equipment if applicable, shall be billed within accordance with herein "TERMS OF PAYMENT", and with acceptance by Customer evidencing complete installation. In the event Customer fails to pay SSC for the equipment as provided herein, SSC shall have the right to exercise any and all legal and equitable remedies arising from such non-payment. Progress payments are payable in accordance with the schedule of values, if applicable. SSC shall withhold final system certification until Customer account is paid in full less agreed upon retainage if applicable. Payments shall be made by check, cash or acceptable credit cards.

(d) In addition to the purchase price, the Customer shall also pay and be liable for credit card service fees, all duties, taxes (including without limitation, any sales or use taxes), tariffs or other government charges of any nature whatsoever with respect to any Equipment or this Agreement.

(e) SSC may terminate this Agreement at any time for cause (including, but not limited to, CUSTOMER'S failure to make payments as agreed herein) after giving CUSTOMER thirty (30) days advance written notice.

2. Warranty Remedy: The Equipment and installation services sold hereunder are subject to the following LIMITED WARRANTY:

(a) Equipment is warranted by SSC for the lesser of (i) a period of one (1) year from the date of shipment to the Customer, or (ii) the period set forth in the terms and conditions of the Equipment manufacturer's warranty. SSC shall make such manufacturer's warranty available to the Customer to the extent permitted by the terms and conditions of such warranty. SSC makes no warranty of any nature, whatsoever, to Customer with respect to such Equipment, Customer shall be solely responsible for determining suitability for use and SSC shall in no event be liable in this respect. SSC obligations and liabilities hereunder shall not be enforceable until the full purchase price has been paid. No equipment may be returned without express prior written approval of SSC after a determination by SSC that such Equipment is defective in workmanship or materials.

(b) If SSC installation is provided herein, then SSC warrants that the installation of the Equipment to be free of defects in workmanship for a period of ninety (90) days from the date of installation. SSC shall correct such defects without charge to the Customer only if notice is reported to SSC during such ninety (90) day period.

(c) THE FOREGOING OBLIGATIONS ARE IN LIEU OF ALL OTHER OBLIGATIONS AND LIABILITIES, INCLUDING ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR APPLICATIONS OR PURPOSES, WHICH ARE HEREBY EXPRESSLY EXCLUDED. RETURN OF EQUIPMENT WITH AN SSC WARRANTY SERVICE AUTHORIZATION NUMBER IS A CONDITION PRECEDENT TO WARRANTY PERFORMANCE

3. LIMITATION OF LIABILITY

(a) CUSTOMER agrees that SSC is not an insurer and no insurance coverage is offered herein. The systems serviced or provided by SSC are designed only to reduce certain risks of loss, though SSC does not guarantee that no loss will occur and that the amounts payable to SSC hereunder are based upon the value of the services and the scope of liability set forth in this Agreement and are unrelated to the value of the CUSTOMER's property and the property of others located on the premises. SSC and its subcontractors are not assuming liability, and, therefore shall not be liable to CUSTOMER for personal injury, property damage or any loss whatsoever sustained by CUSTOMER as a result of burglary, theft, hold-up, fire, equipment failure, smoke, water, interruption of service due to electric failure, communication failure, human error, strikes, walk-outs, war, terrorism, acts of God, or any other cause, whatsoever. CUSTOMER agrees to look exclusively to the CUSTOMER's insurer to recover for injuries or damage in the event of any loss or injury and that CUSTOMER releases SSC and its subcontractors from any claims for contribution, indemnity or subrogation. Should there arise any liability on the part of SSC as a result of SSC's negligent performance to any degree, failure to perform any of SSC's obligations, equipment failure or strict products liability, that SSC's maximum liability shall be limited to an amount equal to Agreement price or where the time and material payment term is selected, CUSTOMER's time and material payments made to SSC. Such sum shall be complete and exclusive. If the CUSTOMER desires to increase SSC's maximum amount of SSC's limitation of liability, the parties shall enter into a supplemental contract setting forth the amount of additional liability and the additional amount payable by the CUSTOMER for the assumption by SSC of such greater liability, provided however that such rider shall in no way be interpreted to hold SSC as an insurer.

(b) EXCEPT FOR THE WARRANTY REMEDY PROVIDED IN PARAGRAPH 2 ABOVE, NEITHER SSC NOR ITS REPRESENTATIVES SHALL BE LIABLE TO THE CUSTOMER OR ANYONE ELSE FOR ANY LIABILITY, CLAIM, LOSS, DAMAGE OR EXPENSE OF ANY KIND, OR FOR ANY COLLATERAL, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR EXEMPLARY DAMAGES RELATIVE TO, ARISING FROM, CAUSED DIRECTLY OR INDIRECTLY BY THE EQUIPMENT, ITS INSTALLATION OR THE USE THEREOF OR ANY DEFICIENCY, DEFECT, OR INADEQUACY OF THE EQUIPMENT, AND IT IS EXPRESSLY AGREED THAT THE CUSTOMER'S EXCLUSIVE REMEDY FOR ANY CAUSE OF ACTION RELATING TO THE PURCHASE, INSTALLATION AND/OR USE OF THE EQUIPMENT SHALL BE THE WARRANTY REMEDY PROVIDED IN PARAGRAPH 2 ABOVE, AND SSC LIABILITY FOR ANY AND ALL LOSSES OR DAMAGES RESULTING FROM ANY CAUSE WHATSOEVER, INCLUDING WITHOUT LIMITATION THE WARRANTY REMEDY PROVIDED IN PARAGRAPH 2 ABOVE, NEGLIGENCE, STRICT LIABILITY, ANY OTHER TORT, BREACH OF CONTRACT AND BREACH OF WARRANTY SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE EQUIPMENT IN RESPECT OF WHICH THE CLAIM IS MADE, OR AT THE ELECTION OF SSC THE RESTORATION, REPLACEMENT OR REPAIR OF SUCH EQUIPMENT.

4. Security Interest

Until the total purchase price of the Equipment sold hereunder is paid by the Customer, SSC shall have, and is hereby granted by the Customer, a purchase money security interest in the Equipment sold hereunder. The Customer further agrees to execute such financing statements and other documents as SSC may reasonably require in order to perfect such security interests. The Customer authorizes SSC to file financing statement with respect to such security interests without the additional signature of the Customer wherever such filing is permitted by law. Furthermore, Customer hereby irrevocably appoints SSC as its agent for the purpose of filing any financial statements required by SSC in order to perfect the security interests herein provided.

5. Installation Schedule

(a) If installation is provided hereunder, then SSC shall deliver and install the Equipment at the Customer Site. A project schedule may be included in the Scope of Work attached to this Agreement at the option of SSC. SSC shall not be liable, however, for any delays in delivery or installation of the Equipment for any cause whatsoever. The fulfillment of any obligations by SSC is subject to strikes, labor disputes, lockouts, accidents, fires, delay in manufacturer or transportation or delivery of material, site conditions, flood, severe weather or acts of God, embargoes, unknown Site conditions, governmental actions, or any other cause beyond the reasonable control of SSC, whether similar to, or different from, the causes listed above, and whether affecting SSC or SSC's subcontractor, supplier. Any such causes shall absolve SSC from any liability to Customer and entitle SSC to an extension of time to perform any obligations under this Agreement. (b) The performance of the work associated with this Agreement shall be performed within the normal working hours of SSC unless specifically agreed to the contrary by means of a specific addendum attached hereto.

(c) The Customer shall provide easy and timely access to all areas of the Site, including locked or limited access areas, whether they are deemed private or public, throughout the performance period.

(d) In the event of any delay, acceleration or other change in schedule caused directly or indirectly by the Customer or its agents or representatives, then SSC shall be entitled to an extension of time and an equitable adjustment of the purchase price.

6. Other Services/Changes.

If the Customer wants SSC to provide any additional materials or services, such as testing and maintenance of the Equipment, signal receiving and notification service or any other services offered by SSC, then such additional services shall only be furnished to Customer pursuant to agreements separately negotiated between the parties. If any additional equipment or services are required by for the installation of the project at the Site due to any instructions or requirements issued by the Customer, any governmental Authority Having Jurisdiction ("AHJ"), insurance company or any of their respective agents or representatives, then SSC shall be entitled to an equitable increase in the purchase price with materials charged at the manufacturers published list price and services at SSC's then current rates.

7. General Provisions

(a) No waiver of the foregoing terms and conditions shall be effective unless such waiver is in writing and signed by an authorized representative of SSC.

(b) If a Fire watch is either recommended or deemed necessary by any person, including any governmental AHJ, then the procurement and all associated costs of the Fire Watch, shall be the sole responsibility of the Customer and shall in no event be the responsibility of SSC.

(c) If, at any time, during the performance of this Agreement, asbestos, or any other toxic or hazardous substance is found to be present on the Site, then SSC will cease all activities until such time as the Customer's legal representative completes proper abatement services for the asbestos, toxic and hazardous substances. In any event, the procurement of any abatement procedures/services, including the associated costs, shall be the sole responsibility of the Customer, and SSC will not be held responsible for any delay of completion.

(d) If the planned installation includes the reuse of any existing electrical wiring or devices, then that wiring must be found by SSC to be clean, properly installed, free of ground faults, and in total compliance with the current codes in effect at the time of the installation. If any of the provisions of this Agreement, including any limitation of liability, are held invalid or unenforceable by any court of competent jurisdiction, the other provisions of the Agreement will remain in full force and effect. Any of the provisions of this Agreement held to be invalid or unenforceable only in part or degree will remain in full force and effect to the extent not held invalid or unenforceable. If any electrical deficiency is found to be present, then SSC will cease its activities until the Customer corrects the faulty condition through either SSC or another supplier of the Customer's choice. SSC will not be held responsible for any delay of completion. In no event shall SSC have any obligation to correct, abate, clean up, control or remove any defective premises, electrical wiring or other equipment or any existing code or permit violations, any defect at the Site Equipment location or any toxic or hazardous material at the Site. In no event shall SSC have any obligation to coordinate the provision of other services, install or service any sprinkler system or controls, travel cable for elevators, elevator recall or any other equipment of any kind in elevators.

(e) Except as stated otherwise in this Agreement, CUSTOMER is responsible for all permits and permit fees, agrees to file for and maintain any permits required by applicable law and indemnify or reimburse SSC for any fines relating to permits or false alarms. SSC shall have no liability for permit fees.

(f) CUSTOMER agrees to and shall indemnify and hold harmless SSC, its employees, agents and subcontractors, from and against all claims, lawsuits, including those brought by third parties or CUSTOMER, including reasonable attorney's fees, and losses asserted against and alleged to be caused by SSC's performance, negligent performance or failure to perform its obligations. Parties agree that there are no third party beneficiaries of this contract. CUSTOMER on its behalf and any insurance carrier waives any right of subrogation CUSTOMER's insurance carrier may otherwise have against SSC or its subcontractors arising out of this agreement or the relation of the parties hereto.

(g) Any action by CUSTOMER against SSC must be commenced within one year of the accrual of the cause of action or shall be barred. All actions or proceedings against SSC must be based on the provisions of this agreement. Any other action that CUSTOMER may have or bring against SSC in respect to other services rendered in connection with this agreement shall be deemed to have merged in and be restricted to the terms and conditions of this agreement.

(h) This Agreement supersedes all prior oral or written agreements, if any, between the parties and constitutes the entire agreement with respect to the work and any material to be furnished. This Agreement contains all the agreements and conditions under which the work is to be performed, and no agreement or other understanding in any other way modifying or waiving the terms and conditions hereof will be binding unless made in writing as modification or amendment to this Agreement and executed by an authorized officer of SSC. Customer agrees that any purchase order or other written authorization ("Order") issued by Customer will only operate to accept this Agreement and to establish payment authority for Customer's internal accounting purposes. Any such Order will not be considered a counteroffer, amendment, modification, or other revision to the terms of this Agreement. Any term or condition in such Order, regardless of actions taken by SSC, will have no effect on this Agreement. Any Equipment or services provided by SSC for such Order, shall in no way be acceptance by SSC of any term or condition on said Order. If any of the provision of this Agreement, including any limitation of liability, are held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement will remain in full force and effect. Any of the provision of this Agreement held to be invalid or unenforceable only in part or degree will remain in full force and effect to the extent not held invalid or unenforceable.

(i) This Agreement may not be assigned by the Customer without express written consent of SSC. When this Agreement is signed by Customer and approved and signed by an authorized representative of SSC, it shall constitute a binding agreement between Customer and SSC. If such approval of the authorized representative is not obtained, the only liability of SSC shall be to return to the Customer the deposit amount, if any, paid to SSC upon signing of this Agreement by its sales representative. Customer warrants and represents that it is fully authorized to enter into this Agreement and to allow the installation of Equipment at the Site.

(j) This Agreement shall be governed and construed in accordance with the laws of the state of New Jersey. Both parties also agree to submit to the exclusive venue and jurisdiction of the courts of the State of New Jersey for any litigation pertaining to this Agreement.

Customer:	Starlite

Equipment List – Exhibit “A”

Qty.	Description
Edwards Fire Alarm System consisting of:	
1	Addressable Fire Alarm Control Panel with connection for central station monitoring
2	Addressable Manual Pull Stations
4	Addressable Photoelectric Smoke Detectors with Standard Bases
1	Addressable Dual Input Monitor Module for Waterflow & Tamper Switches FBO
1	1 Year Warranty on Equipment
Devices excluded as none were shown on plans	
0	Horn / Strobe Units
0	Weatherproof Horn/Strobe
0	Strobe Units
ADD PRICE FOR WARRANTY years 2-5.....\$ 1,280.00	
A (5) Year Warranty on Equipment has NOT been included as required on Drawing FA-2.1 Note #6. If you would like to extend the equipment warranty an additional (4) years, please ADD the price above to the total price on page 1 of this proposal	
Please note that this price does not include any labor to replace devices – it is only an equipment warranty. Equipment may be returned and if repair or replacement is needed due to normal wear and usage it will be replaced at no cost. Warranty does not cover any damage to the equipment.	
See Exhibit “B” for any Exclusions or items not included.	

Customer:	Starlite
Project Name:	156 Wayne Street
Agreement No:	BV0717WS
Date:	7/17/14
Page 4 of 5	QA T&C Rev 4: 11-25-2013

Scope of Work – Exhibit “B”

General Scope:

1. SSC to provide Equipment and services as outlined throughout this Quotation Agreement

Responsibilities of Systems Sales Corporation:

1. Provide technical support to customers either by onsite, phone or other electronic information available
2. SSC Standard insurance, copy to be provided upon request. Any additional insurance may incur additional charges
3. System programming, System testing, final checkout and documentation
4. Non-Union, non-prevailing labor for SSC services

Responsibilities of Customer:

1. Provide drawings of building in AutoCad format for submittal package at no charge to SSC
2. Permits & Filing costs, Fees, Taxes (if applicable)
3. Demolition (if applicable)
4. Installation & Installation Materials
5. As Built drawings of Installation
6. Provide assistance in testing for final documentation
7. Provide minimum 7 business days notice to schedule for any services provided by Systems Sales Corporation
8. Signature on Record of Completion as Installing Contractor
9. Prior to scheduling SSC for start up services, Customer shall confirm that all wires have been checked for presence of voltage, opens, ground, shorts, correct polarity at devices and that installation is complete prior to SSC arriving for start up.
10. Elevator contractor fees have not been included: Customer to schedule and pay the elevator contractor to be available and onsite the day of installation and testing to access the elevator shaft.
11. Sprinkler contractor fees have not been included: testing by SSC will be done electronically only. SSC will not flow water without the sprinkler company on site. Customer to schedule and pay the sprinkler contractor to be available and onsite the day of testing.
12. HVAC/BMS contractor fees have not been included: testing by SSC will be done electronically only. SSC will not control HVAC / damper equipment without the HVAC/BMS company on site. Customer to schedule and pay the HVAC/BMS contractor to be available and onsite the day of testing.

Exclusions, Other Considerations and Additional Comments:

1. Regardless of plans and specifications, any additional devices or services required by any Authority Having Jurisdiction, other than what is currently listed within the Equipment List (Exhibit “A”) are outside of the terms of this Agreement. In the event additional items or services are deemed necessary, then Systems Sales Corporation will provide a quotation to the Customer for review and approval before proceeding further.
2. This proposal is based solely on the documents provided to SSC. SSC cannot insure against conflicts between the system design and the equipment and services proposed where specified in other documents that have not been provided to SSC. In the event of design or engineering deficiencies related to the information provided, all site surveys, engineering services and any additional materials, as a result of such surveys, will be at an additional amount to the total price of this agreement.
3. Design responsibility has not been included.
