

*The Witness of Fr. Pedro Anacleto
(Letter to Peter Barbagiannis)*

The following is Fr. Pedro's response to an email by Peter Barbagiannis. Fr. Pedro is of Brazilian descent and speaks/writes in broken English. Nevertheless his email is quite comprehensible:

XC Ressuscitou,

How I told you, Theoharis and Stavros and others that are until now with your sect, they know like I did.

Mathew and Minas are big liars, of people that do joke against the canons and do what they want don't exist Grace of God and nothing, they are only one false group of fanatics and liars.

Now my dear **don't try to change all the scandals that I saw with my eyes**, with a other small lie pronounced by Matheus, this is so stuped, I have prove and of people that are joint of your sect that know what I did. **Where exist bishops sleeping in house alone with woman**, woman throwing up of the Holy Altar, false nun speaking against all that help her and you can see there don't exist union is one eating the other, don't exist a true Church starting by the bishops are all deposed and excommunicated. XC told one good tree don't give bad fruits, bad fruits come from bad tree.

I will ask to God have mercy of you.

Pater Petros
