## BIO

***For The Record*** is a four piece indie rock group originally created in Fredonia, New York. They all met through playing in their respective bands in the Buffalo music scene. What started as a simple exchange of ideas between Brendan Hoare and John Greenan, turned into what has now become ***For The Record***. All four members of the band are current students at Fredonia University and look forward to pleasing crowds of the local areas and surrounding cities.

All four members of the band bring an energetic stage presence, which is a reflection of their music. The overall collection of talent combines a fast paced rock driven sound with a blend of memorable melodies that showcases their artistic ability.

## GUITAR/VOCALS

**Brendan Hoare** started writing music when he was 14 years old. He has been playing live shows with his bands *Landslide* and *Kill The Clock* respectively for 3 years. His major influences include Julian Casablancas, Paul McCartney, and Noel Gallagher.

**John Vaughan** has been playing bass since the 4th grade and has picked up guitar, ukulele, and piano along the way. His main influences include John Lennon, Alex Turner, and his father. John has recorded and played shows for two years with his other band *HolKampny*, which he also plays bass and sings in.

## BASS/VOCALS

**Tyler Wright** has been wailing away on the guitar since he was the young age of 13. From the early days, he was immediately influenced by the likes of Jimmy Page, Eric Clapton, and Duane Allman. Since then, Tyler has recorded and played live for many local bands including *Dollar Diplomacy*, *Crashfuse* and *Cut Short*.

**John Greenan II** has been playing the drums since first introduced in the 2nd grade. Trained in both percussion and vocal music John has had the opportunity to play in various state wide and local groups. John has been playing around the state with his Rock/R&B group WildCard for the past five years and looks forward to expanding his musical horizons. Playing with groups such as *Adams Apollo* and *The Majors*, John's style has developed over time to adapt to many genres of music. Being a Music Business student John intends to apply his education to the bands process and contribute to the further progression of *For The Record*.
