

Transafe Batam now servicing Public Training schedule from minimum 3 participants per batch

Source: Transafe Indonesia

Dated: Nov. 11, 2014

Not every company can send their employee to attend public training schedule at once. New Transafe Indonesia Batam office can run safety training schedule from as little as 3 (three) participants per batch.

JAKARTA SELATAN, Indonesia -- Batam, Indonesia – Nov 11th 2014 – Transafe Indonesia move its Batam office yesterday. The new office is bigger and equipped with a designated training room to accommodate public training schedule from as minimum of 3 (three) participants.

This training room is equipped with hotel meeting room standard including air conditioning, LCD projector, audio sound, white board / flip board and study chairs in an elegant minimalist style interior design.

Public Training schedule can be conducted with minimum three participants are including but not limited to: Safety Awareness, SMK3 Awareness, Basic First Aid, Advanced First Aid, Behavior Based Safety, H2S Awareness, Gas Testing Awareness, Forklift Safety, Rigging safety awareness, Hazard identification, Risk Assessment, Job Safety Analysis, Bloodborne pathogen, ISO 9001 awareness, ISO 14001 awareness, Accident investigation, BNSP certification and many more..

Ryska Carolina, Transafe Batam Branch Manager stated: “ Some of our clients have difficulties to conduct safety training as in house training due to number of participants. While they also have problem with public training schedule since most training providers have minimum training participant per batch of minimum 10 (ten) people per batch”. “We try to accommodate their needs with this training room on our new office.” She ends.

Until February 1st 2015, Transafe Indonesia Batam office conduct a “New Office promo” for selected training schedules
