Investment Guide

What each session includes...

-High-resolution and low-resolution images (number of images are based on the session you chose), downloaded from www.stacielynphotography.pixieset.com. All sessions will get a password-protected gallery from which to download their images. You may share this password with whom you choose. The High-Res images are to be used for print ONLY and you will receive a Print Release (NOT a copyright release), which gives you the option to print your images at your ease. Low-Res images contain the SLP watermark and are for Social Media sharing, such as Facebook, Twitter, etc. These images are optimized for online viewing only-they cannot be printed.

-Digital Discs may be purchased. Please contact me regarding this pricing.

-Each session is shot in one location (High School Senior sessions excluded). Should your needs require an additional location, arrangements must be made 1 week PRIOR to the session. Each additional mile over 10 miles, add \$1 per mile to the Session Fee. If any, or all, of your chosen locations require payment (parking, usage of property, etc.), you will be responsible for those costs as well, for both your party and the Photographer. Some locations require permission to use their facilities; please ask me at the time of booking to help you make these arrangements.

-Images from your session are handpicked by Stacie Lyn Photography, based on my artistic vision. The very best will be edited and (minimally) retouched. Additional retouching may be purchased. Raw files will **not** be available.

Prices subject to change without notice
