Warranty Rights and Obligations

Cleandpfexhaust warrants Cleandpfexhaust™ replacement parts in the specific equipment application for which it is sold to be free from manufacturing defects in design, materials or workmanship for 18 months (unlimited miles) whichever occurs first. Cleandpfexhaust warrants the emissions performance of the Cleandpfexhaust™ replacement part to the level the engine was certified to by the US EPA. Cleandpfexhaust will repair or replace your Cleandpfexhaust™ replacement part at no cost to you.

Prior to installation of a Cleandpfexhaust™ replacement component, the engine is to be inspected and free of defect. Failure to maintain the engine in accordance to original engine manufacturer specifications may result in warranty claims being denied.

This warranty is applicable provided there has been no abuse, neglect, or improper maintenance of your Cleandpfexhaust™ replacement component, vehicle or equipment as specified in your owner's manual. This warranty is limited to repair or replacement of the component or product. Where a warrantable condition exists, Cleandpfexhaust will repair or replace your Cleandpfexhaust™ replacement part at no cost to you.

Cleandpfexhaust shall not be liable in contract, tort or otherwise for any losses, damages, costs or expenses, including any incidental, direct, indirect, special or consequential losses or damages or for the breach of any expressed or implied representation, condition or warranty, and FURTHER INCLUDING ANY BREACH OF WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR PARTICULATE PURPOSE.

The provisions of this warranty are not transferable to subsequent parts re-installation on other vehicles or vehicle owners.

Owner's Warranty Responsibility

As the equipment owner, you are responsible for performing the required maintenance described in your owner's manual. Cleandpfexhaust recommends that you retain all maintenance records and receipts for maintenance expenses for your vehicle, engine, or equipment, and diesel emission control system. If you do not keep your receipts or fail to perform all scheduled engine maintenance, Cleandpfexhaust may have grounds to deny warranty coverage. You are responsible for presenting your vehicle, equipment, or engine, and diesel emission control system to a Cleandpfexhaust dealer or commercial service facility as soon as a problem is detected. Failure to do so may result in denial of warranty coverage.

If you have questions regarding your warranty rights and responsibilities, contact warranty@cleandpfexhaust.com
