HEXAGON
METROLOGY

Conditions:

All classes will be held at TESA in Renens, Switzerland and will be given in English.

Classes and lunch on premises organized by TESA are offered free of charge for TESA distributors. Participants are responsible for all their other expenses.

TESA will try to rearrange the training sessions in order to allow all partners to participate to a maximum of classes.

In order to satisfy the outmost people, please note that:

- Training registration will close 3 weeks prior to training;
- Training will take place with a minimum and a maximum of people depending on the training session;
- TESA takes the right to accept or refuse registration to a specific course;
- TESA takes the right to add, cancel or change the timing of the various classes in order to maximize the quality of the training.
