## November 2014      Temperature Anomaly

- 
- Chemtrails and HAARP (ionospheric heaters) are being used to **hide** the runaway heating in the Arctic
  - As the Arctic melts, vast amounts of methane will be released, causing extreme heating of the Earth, and mass extinction of all species
  - Therefore, these secret weather warfare programs must be declassified, so the best scientists can work to stop the Arctic heating

*A personal note to the NSA:*

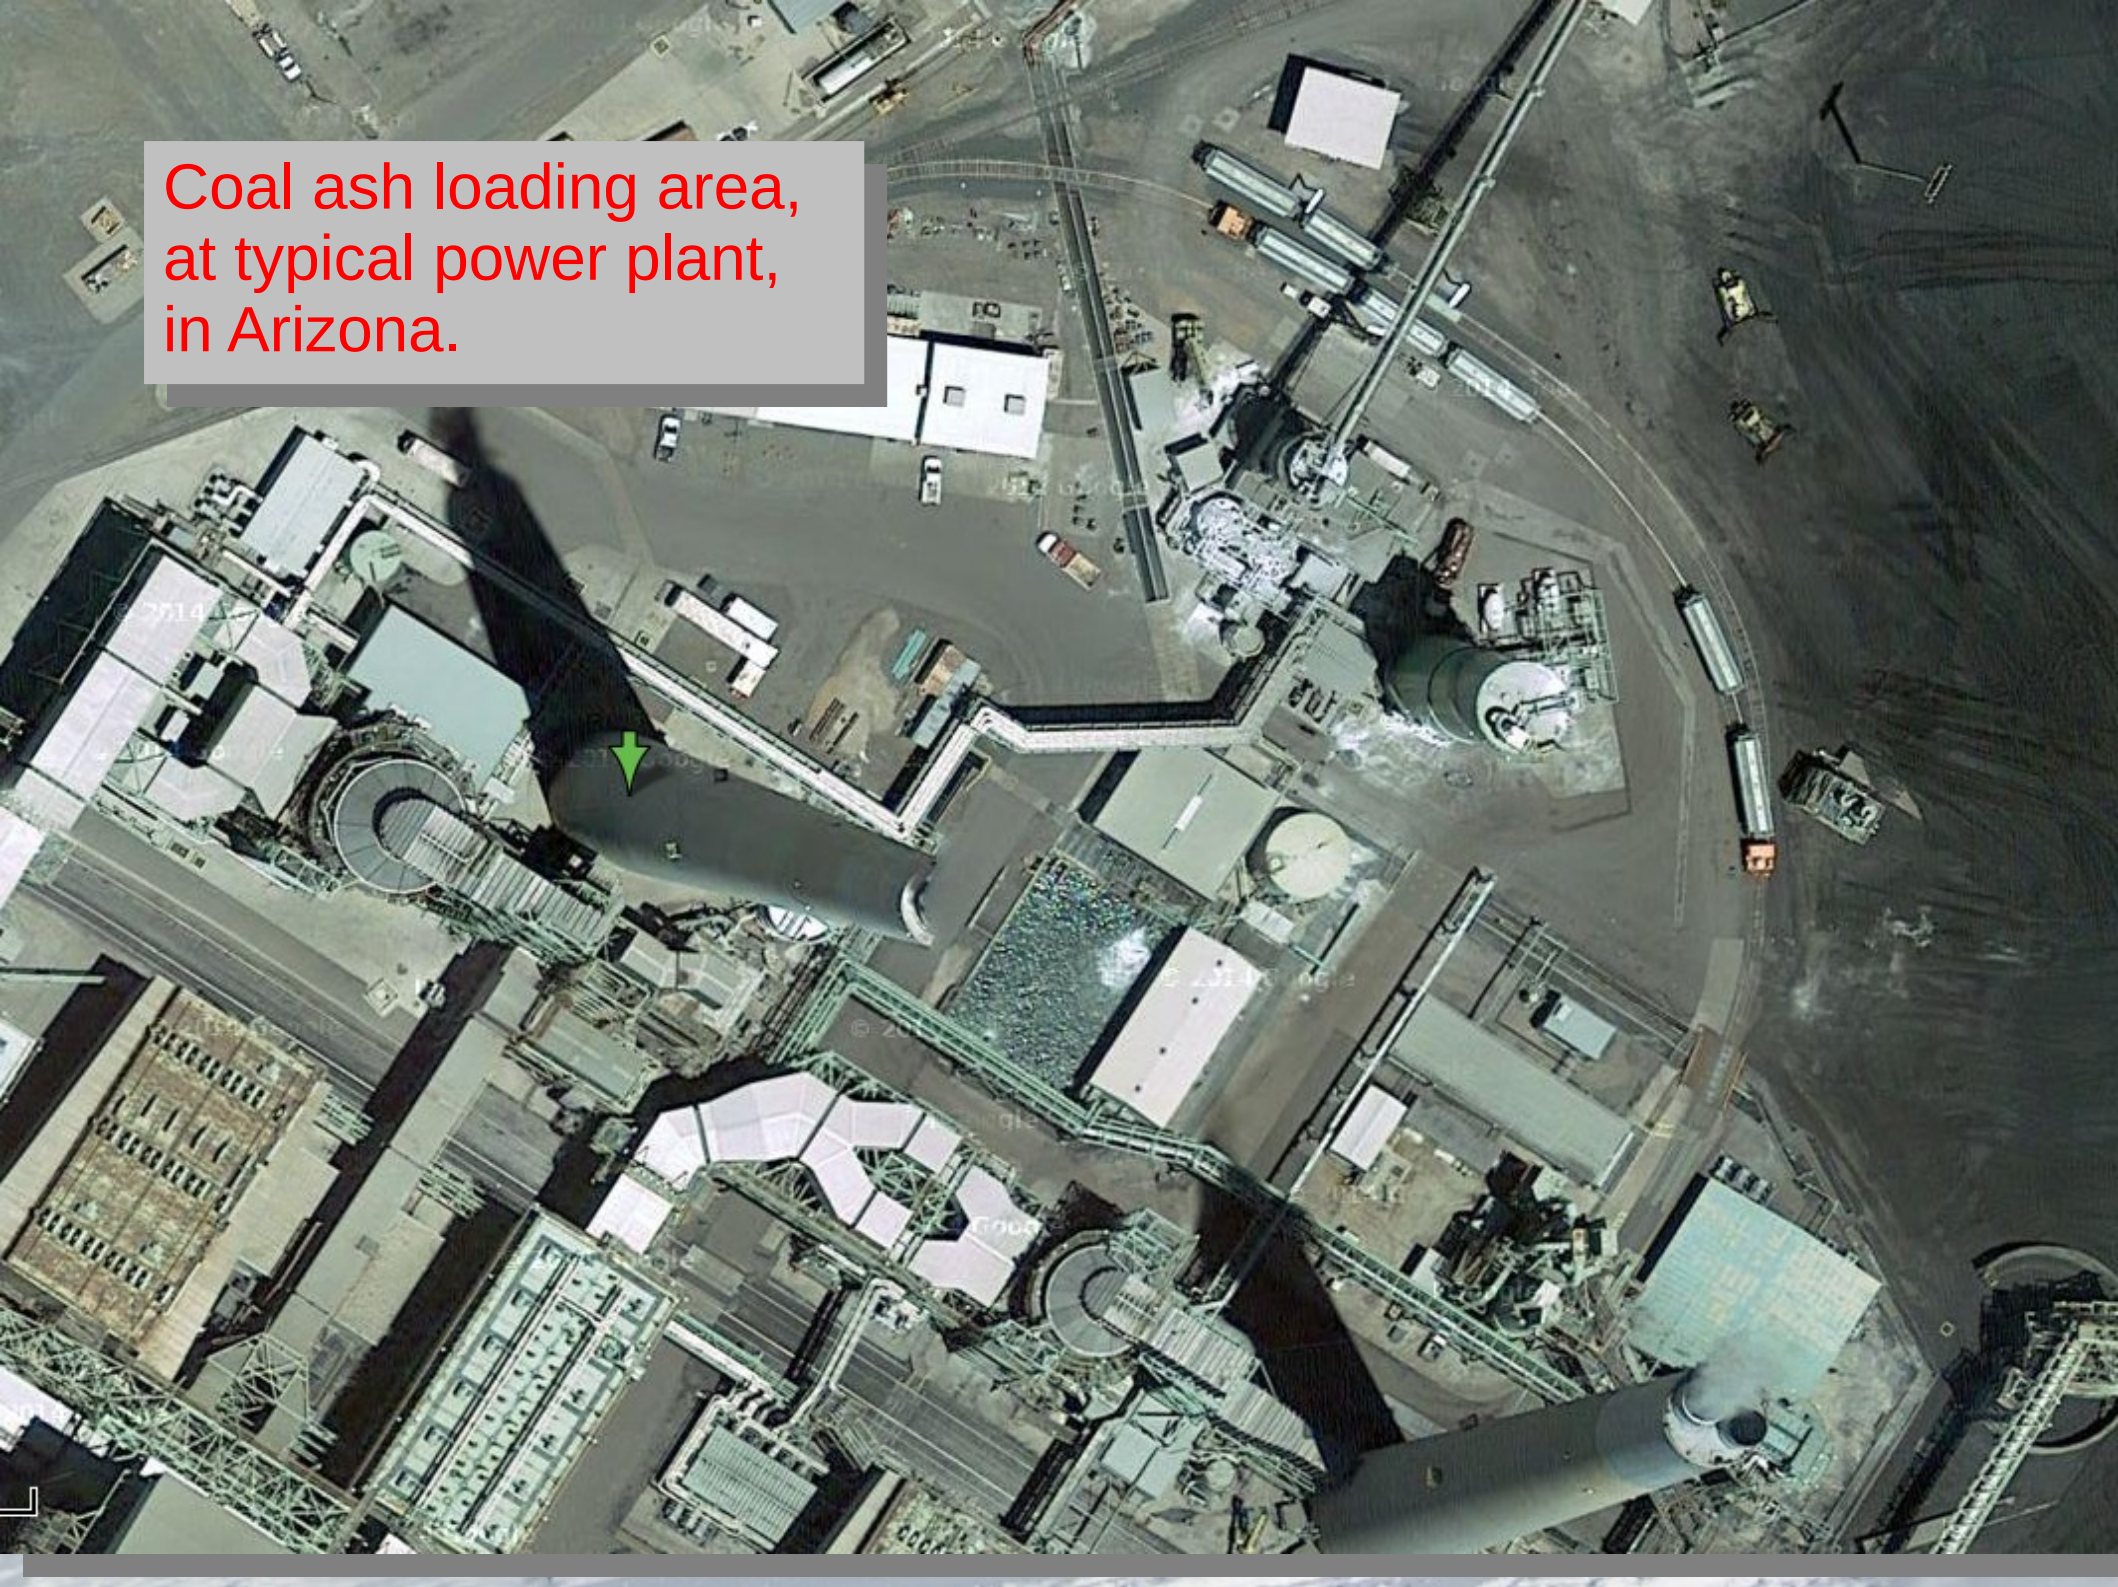

*I made this video, because my images of coal fired power plants were deleted from my hard drive. I spent hours, capturing images from Google Maps, and my time was wasted. Also, I am being hacked by the NRO, in Chantilly, Virginia*

*This is a plant in Arizona, but I don't know which one, since my "Coal Plant" folders were deleted.*

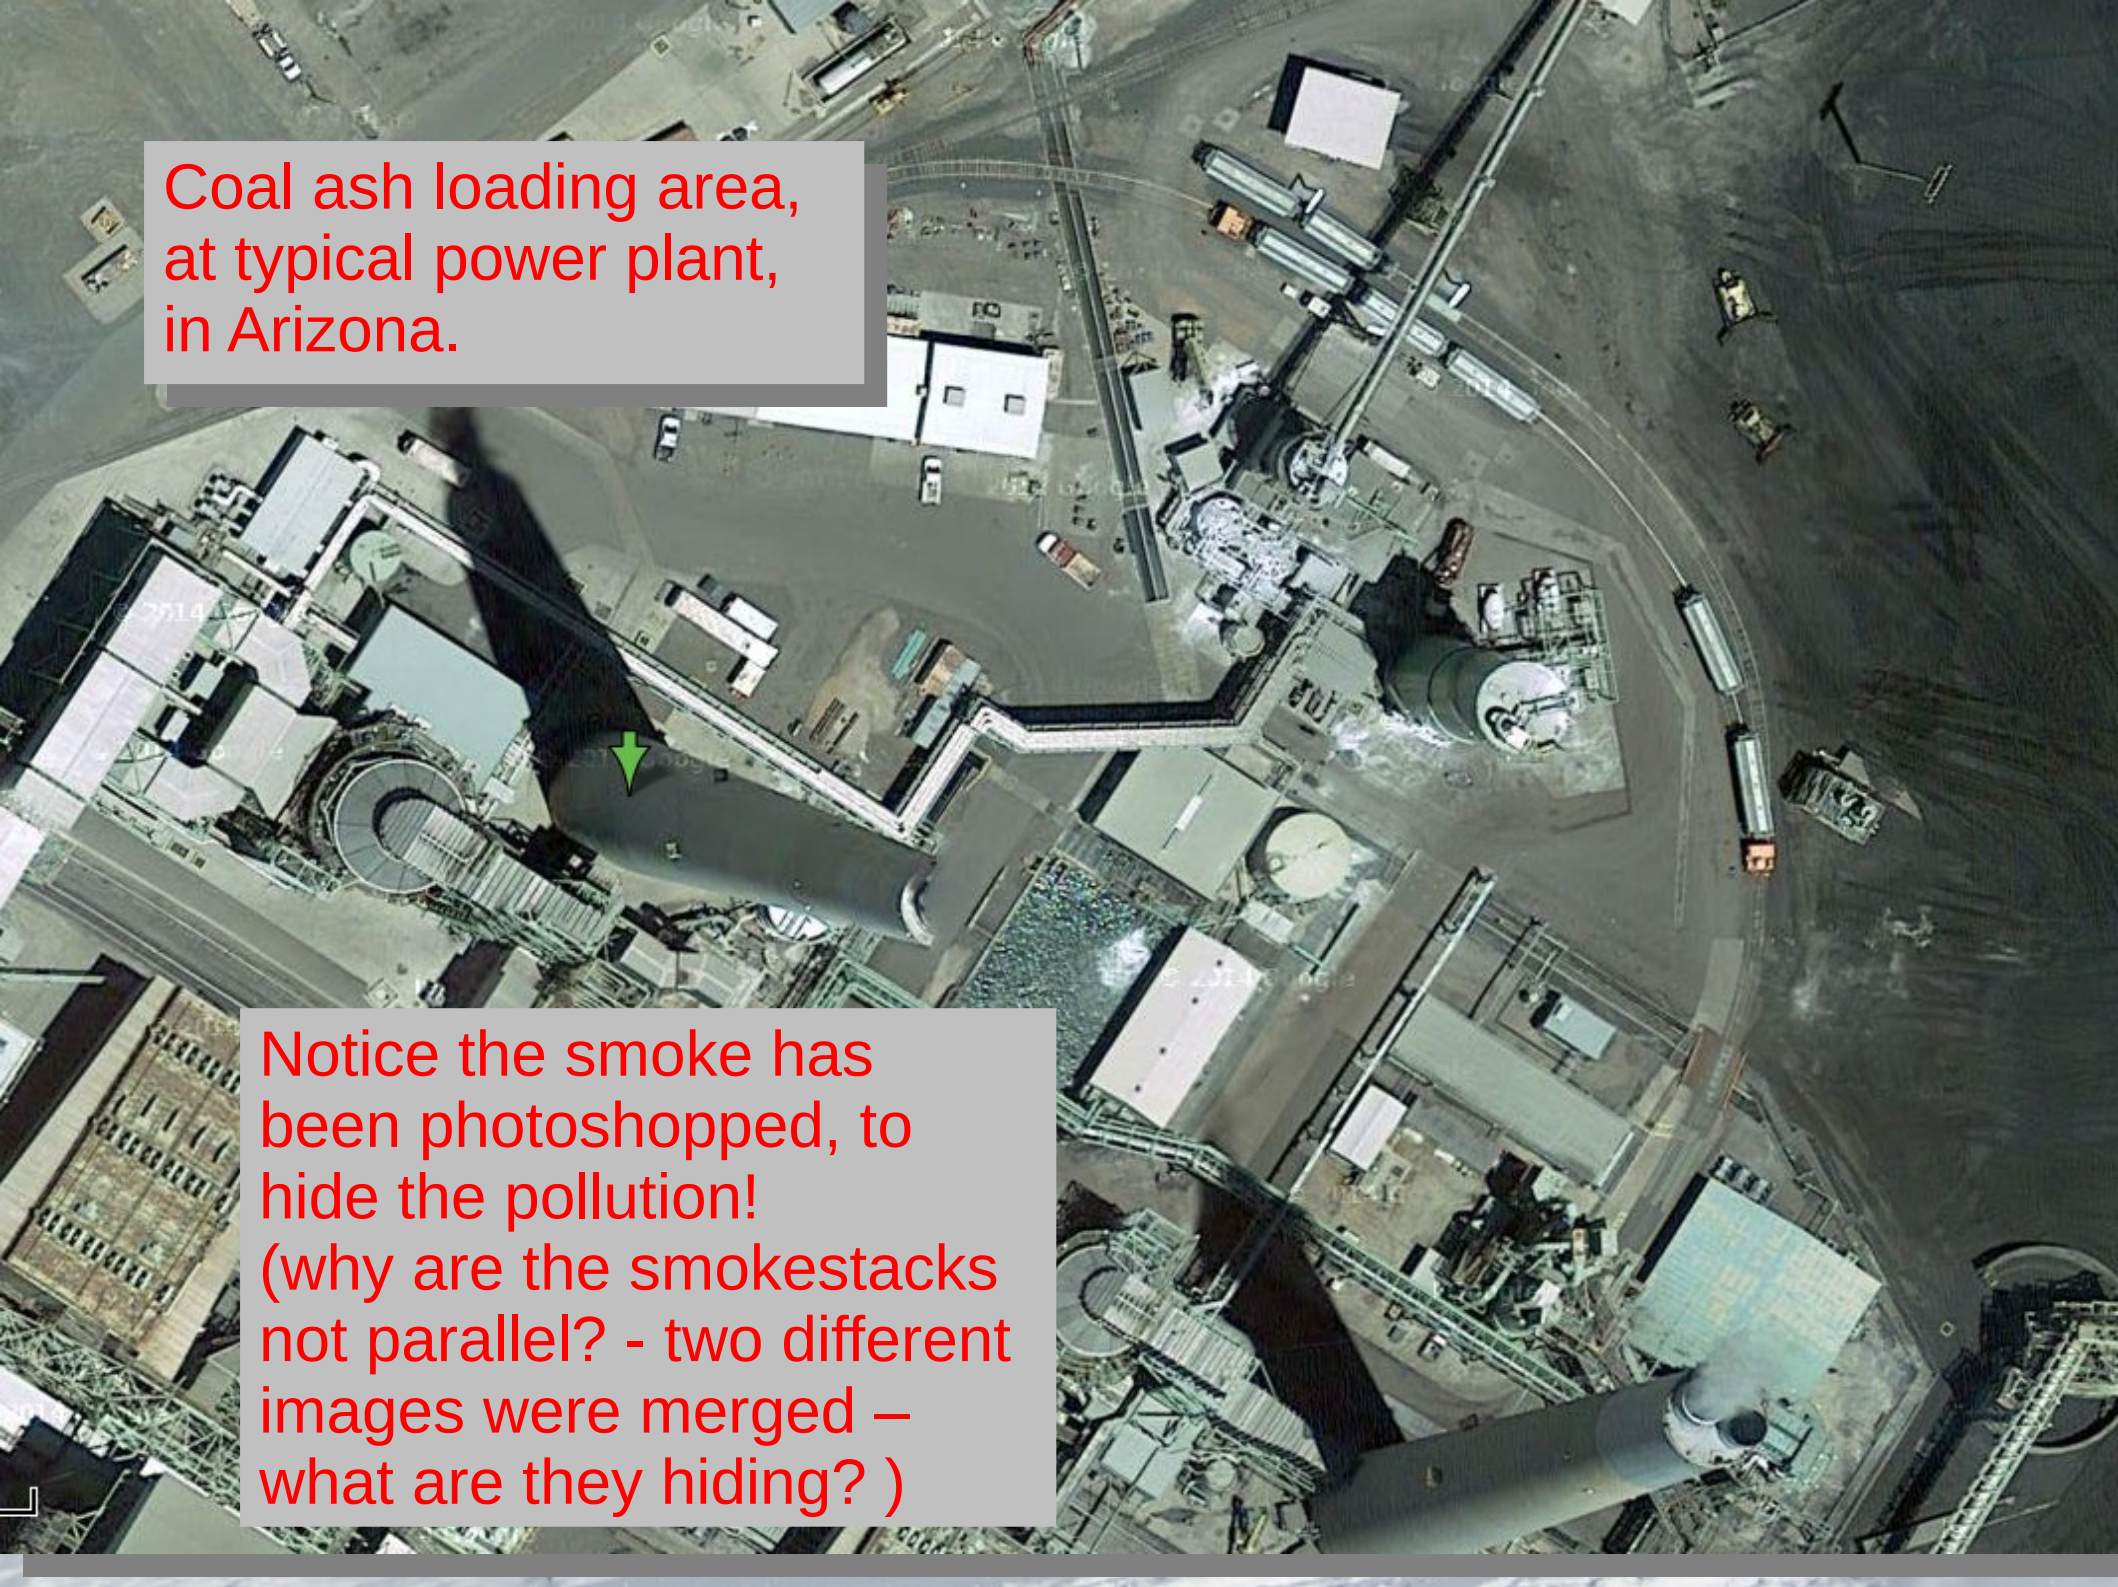

*How do you like this video, NSA???*

Coal ash loading area,  
at typical power plant,  
in Arizona.

An aerial photograph of a large industrial facility, likely a coal power plant. The image shows various structures including buildings, pipes, and a large circular cooling tower. A green arrow points to a dark, irregularly shaped area in the center-left, which is identified as a coal ash loading area. The surrounding area is mostly flat and grey, with some tracks and smaller buildings visible.

Notice the smoke has  
been photoshopped, to  
hide the pollution!  
(why are the smokestacks  
not parallel? - two different  
images were merged –  
what are they hiding? )

An aerial photograph of an industrial facility, likely a chemical or petrochemical plant. The image shows several large, cylindrical storage tanks, a complex network of pipes and walkways, and various industrial buildings. The facility is situated in an open area, possibly near a body of water or a large industrial zone. The overall scene is one of a large-scale industrial operation.

Article I.

Section 1. All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

Section 2. The House of Representatives shall be composed of Members chosen every second Year by the People of the several States, and in each State shall have the Qualifications requisite for Electors of the most numerous Branch of the State Legislature.

No Person shall be a Representative who shall not have attained to the Age of twenty five Years, and been seven Years a Citizen of the United States, and when elected, shall be an Inhabitant of that State in which he shall be chosen.

Representatives and direct Taxes shall be apportioned among the several States which may be included within this Union, according to the actual Enumeration of the People, including those bound to Service for a Term of Years, and Indians not taxed, in each State, in such Manner as they shall by Law direct. The Number of Representatives shall not exceed one for every thirty Thousand Persons, but each State shall have at least one Representative; and until such Enumeration, the Number of Representatives shall be increased or decreased by the actual Enumeration of the People, in such Manner as they shall by Law direct.

Article I.

Section 1. All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

Section 2. The House of Representatives shall be composed of Members chosen every second Year by the People of the several States, and in each State shall have the Qualifications requisite for Electors of the most numerous Branch of the State Legislature.

No Person shall be a Representative who shall not have attained to the Age of twenty five Years, and seven Years a Citizen of the United States, and who shall, when elected, be an Inhabitant of that State in which he shall be chosen.

Representatives and direct Taxes shall be apportioned among the several States which may be included within this Union, according to the actual Enumeration of the People, which shall be made within three Years after the first Meeting of the Congress, and within every subsequent Term of ten Years, in such Manner as they shall by Law direct. The Number of Representatives shall not exceed one for every thirty Thousand Persons, but each State shall have at least one Representative; and until such Enumeration, the States of New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, and Georgia shall have at least one Representative each. The actual Enumeration shall be made in such Manner as they shall by Law direct. The Number of Representatives shall not exceed one for every thirty Thousand Persons, but each State shall have at least one Representative; and until such Enumeration, the States of New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, and Georgia shall have at least one Representative each.

The Congress shall have the sole Power of Impeachment.
