47th Birthday Celebration of Rotaract

We celebrated the 47th Birthday of Rotaract along with IPDRR Rtr. Shuvratay Mitra, Rtn. Kishan Kr. Kejriwal (President Elect, Rotary Club of Belur), and Prof. Dr. Arun Kr. Jalan, (Dean, Students' Affairs, MCKVIE). We had a cake cutting ceremony. After the cake cutting ceremony we had an IPDRR Session especially for the prospective members.

This was all total learning and interesting experience for all of us. We had a great time over there.

Date: 14/03/2015, Day-7

1. Industrial Visit to Mother Dairy

The club members went for an industrial visit to the Mother Dairy Factory at Dankuni. As we are engineers so this is very much necessary for us to have some live experience of an industry, we had a great time over there. At first we had a briefing session on the firm and the details, mechanism, product manufacture and packaging of various products for almost one and half hour. Then we went for the factory tour. We saw each and every machine with their details and mechanism. After that we got a chance to taste one of their products and give them a review. We started our journey at 10.00 AM and returned at 2.00 PM.

2. Swachh Bharat Aiviyaan

We went to Liluah Station at 4 PM for Swachh Bharat Aiviyaan, A Cleanliness Drive. We clean the station as well as the nearby areas of the station. We tried to aware the people of the station for the cleanliness of our society. There were 30 Rotaractors with our college staffs. We clean the area with brooms, banners, brushes, dirt-pickers, movable dustbins, placards, bleaching powder etc. At the same time we maintained personal hygiene by making use of sterilized gloves, medicated facial masks and aprons. The best part of the project was the immediate reaction of the public to our action. Seeing us following this initiative, we could see people refrained from their habit of littering around as a mark of respect to our efforts. This was how we had a successfully concluded project.
