

Ingredients:

- ◇ Curriculum content connection (PSA, [advertisement](#), book trailer, etc.)
- ◇ [Storyboard Organizer](#)
- ◇ iPad or iPods—one for each group.
- ◇ iMovie
- ◇ Backdrops and props
- ◇ Vimeo

Directions:

1. Teacher initially delivers curriculum content.
2. ITF/LMS covers fair use guidelines with students.
3. Students use content to frame their video script.
4. In groups, using a storyboard, students develop script, shot lists and any additional content.
5. Working in small groups with ITF and LMS, students shoot their video elements from script and storyboard.
6. Upload completed videos on Vimeo with teacher name as file name prefix.
