Jeremy likes to combine traditional photography with candid. With our full coverage plans we have all day to capture those spontaneous moments. For those who only need a photographer for a few hours, we also have hourly rates and if necessary we can customize a plan to fit your needs.

Portrait Information

For seniors we have four different sessions from which to choose.

Session 1 (indoors only) lasts for about 1 hour and is perfect for those who only need an image for the yearbook and for family members.

Session 2 (indoors and outdoors) lasts for about an hour and a half. For those who want more, this session has it. You can bring pets, sports equipment and anything else to personalize your images.

Session 3 (indoors and outdoors) lasts for two hours and has everything session two has and more. You can bring a friend or take photos with a car, truck or motorcycle. Black and whites are also included with this session.

Session 4 (indoors and outdoors) lasts for 3 to 4 hours and includes everything from session 3 with an additional On-Location Photo shoot. We have several standard locations to choose from or we can go to a location of your choice. This must be pre-approved and mileage limitations may apply.

Families and Children's Portraits

We offer two different sessions for family portraits. For the hour session we will spend up to 1 hour with you to give you personalized attention. We will use multiple backgrounds and we are able to do both indoor and outdoor photographs. For the 30 minute session we will use 2 different backgrounds and will take indoor shots only.

There is no pose limit for either session. We will take as many different family groupings or child poses as needed in the time available with your session
