

## International Commercial Internship (France)

EuroDev is a dynamic company that operates in an international environment and has offices in the Netherlands and France. We work for more than 50 American companies and operate and present ourselves as their European office. We give our partners strategic advice and set up and execute their Marketing & Sales activities in Europe.

Currently we represent American companies that are active on different markets, like the Industrial, Healthcare and Retail market. You will work for 4-5 companies. The type of company which you will work for depends on your skills, interests and education.

Example of the companies we currently represent:

- SteriPEN manufactures handheld water purification devices for travelers, outdoor and adventure enthusiasts ([www.steripen.com](http://www.steripen.com))
- Fifield Inc. has been a leader in fabrics for display and packaging, ([www.fifieldfabrics.com](http://www.fifieldfabrics.com))
- ExpoImaging markets, designs, manufactures and distributes unique and innovative camera accessories to the photographic market, and is the pioneer in digital white balance filters ([www.expoimaging.com](http://www.expoimaging.com))

You will do market research, acquisition, have customer contact etc. We offer a real time internship for students who like diversity. At EuroDev you have the opportunity to work for several different companies who are active on different markets and are in different stages of market approach.

The Profile:

- Commercial Studies
- Good command of the English language, others are a big plus

The internship is offered in our French office in Sophia Antipolis (Nice Area). The internship starts in September 2015 with a minimum duration of 5 months. You will receive a reimbursement.

If you are interested, please send your CV and motivation in English to Ms. Marloes Nijland at [hr@eurodev.com](mailto:hr@eurodev.com).
