2015 Wedding Guide

About Ashley

I have a passion for capturing the emotions in moments that can be treasured forever as works of art. Between the excitement of getting ready, the thrill of walking down the aisle, looking into one another eyes saying "I Do", and the exuberant joy that follows...I would love to freeze in time the expressions of your wedding celebration.

Engagements - \$275

"When you realize you want to spend the rest of your life with somebody, you want the rest of your life to start as soon as possible."

Engagement shoots are different than any other shoot, in that the excitement of two souls who are about to embark on becoming one is captured. There is a particular buzz in the air about becoming engaged, and you know that nothing will ever be the same. This rate includes up to two outfits and two locations, if booked with a wedding this shoot is included in the package.

Bridals - \$300

"I love her, and that is the beginning and end of everything."

Capturing the beauty of the bride moments before seeing her groom is just indescribable.

If you decide to have bridals the day of your wedding, rather than as a separate shoot, then this price is included in the wedding package.

Weddings - \$2500

"Now join your hands, and with your hands your hearts."

On your wedding day I will capture all of the emotions in picture form that you can treasure for years to come. When booked together, the wedding package includes an engagement session, and wedding day bridals. This package is for up to 8 hours, any additional hours are \$250 per hour. A second photographer is included in the fee to ensure every last moment is capture. Attentive detail will be given during the editing phase to ensure everyone looks their best, and the images will be delivered in a wooden USB box & drive.
