- ii. All adjustments to the motorcycles must be completed.
- iii. The riders to wear their helmets, start their engines for the compulsory warm-up lap.
- iv. Mechanics, umbrella holders and photographers must leave the starting grid. Only riders, television crew and essential officials are allowed at the starting grid.
- v. If a rider has a mechanical problem and the motorcycle cannot be started at the starting grid, he is allowed to push his motorcycle to the pit lane, where he and/or his mechanics may attempt to repair it.
- vi. If the mechanic succeeds in repairing the motorcycle before the leading rider has completed the compulsory warm-up laps, the rider in question must stay in the pit lane and must start the compulsory warm-up laps from that position upon the orders from the Clerk of the Course. The rider in question will keep his position on the starting grid.
- vii. If the mechanics only succeeds in repairing the motorcycle after the leading rider has completed the first of the compulsory warm-up laps, the rider in question must stay in the pit lane and must start the Race from the pit lane.

Procedure for the Warm-Up laps:

- i. The Clerk of the Course walks down the starting grid from row 1 to the end, stopping at each row and holding two red flags crossed. Upon his signal, the riders of that row start the 1 compulsory warm-up lap.
- ii. If a rider stalls his engine, he must remain on the starting grid and raise his arm.
- iii. Immediately after all the riders have left for the compulsory warm-up laps, he must push his motorcycle into the pit lane or another area as ordered by the officials and under their supervision.
- iv. If he succeeds in starting the motorcycle before the leading rider has completed the compulsory warm-up laps, the rider in question will keep his position on the starting grid. However, he must wait for the orders of the Clerk of the Course to start his compulsory warm-up lap.
- v. If he only succeeds in starting the motorcycle after the leading rider has completed the first of the compulsory warm-up lap, the rider in question must go to and stay in the pit lane and must start the Race from the pit lane.
- vi. When all the riders have left the starting grid, the Clerk of the Course will give a signal and any riders whose motorcycle failed to start or whose motorcycles were late arriving at the starting grid are released to do their compulsory warm-up lap.
- vii. Start practices and unnecessary stops are not allowed during the Warm-Up laps.

At the end of the compulsory of the Warm-Up lap:

- i. The Race Director will stand at the front of the starting grid displaying a red flag.
- ii. The Clerk of the Course will stand at the back of the starting grid with a green flag and display it when the grid is complete.
- iii. Any rider who encounters mechanical problems during the warm-up lap may go to the repair zone and make repairs. He cannot return to the starting grid.
- iv. Marshals will display panels, at the side of the track, indicating the row of the starting grid, to assist riders in locating their position.
- v. On returning to the grid the riders must take their position in an orderly way with the front wheel of their motorcycle up to the line defining their starting grid position and keep their engines running.

- vi. Once a rider has taken his allocated position on the starting grid, he cannot change it, return to the pit lane or receive assistance prior to the start.
- vii. As each row of the starting grid is completed, the marshals will lower their panel, indicating that their row is completed.
- viii. When all the panels have been lowered, the Clerk of the Course at the rear of the starting grid will raise the green flag.
- ix. If by 30 seconds all the panels have not been lowered, the Race Director may order the start of the race.
- x. Any rider arriving back from the warm-up lap after the Clerk of the Course at the rear of the starting grid has raised the green flag will be considered a "late arrival".
- xi. Late arriving riders at the grid will lose their initial position at the starting grid and must take a position at the rear of the grid. They must stop behind the Clerk of the Course and start the race from there (the row following the last row of riders).
- xii. If a rider has mechanical problems at the starting grid, he must remain on his motorcycle and raise his arms. It is not permitted to attempt to delay the start by any other means.
- xiii. Panels lowered cannot be raised again when a rider in that row has indicated that he has stalled his motorcycle or has other difficulties.
- xiv. Any rider who is unable to start his motorcycle within a reasonable time, must obey the instructions of the officials and remove his motorcycle to the pit lane where he and/or his mechanics may make further attempts to start it. If he succeeds/they succeed in starting the engine, he must take the start from the pit lane.

15 seconds before the start:

- i. The Race Director moves to the side of the track, holding up the red flag.
- ii. If a rider has mechanical problems at the starting grid, he must remain on his motorcycle and raise his arms. It is not permitted to attempt to delay the start by any other means. As of then, he must immediately obey the instructions of the officials and remove his motorcycle to the back of the starting grid. He must remain there until the start has been given.
- iii. If by then he has succeeds in starting the motorcycle, he can start from that position. However, he must wait for the orders of the Clerk of the Course to take the start of the Race.
- iv. If he does not succeed in starting the motorcycle, he must proceed to the pit lane upon instruction of an official, where he and/or his mechanics may make further attempts to start it. Failure to obey the instructions of the officials may result in a penalty or disqualification.

As of then:

- i. As of then, the Race Director puts down the red flag and the start light sequence begins.
- ii. A red light will be displayed for between 2 and 5 seconds. The red light will go out to start the race.
- iii. Riders still in the pit lane must wait until the marshal situated at this exit, upon a signal from the Race Director/Clerk of the Course, lowers the red flag in order to authorize any riders still in the pit lane to leave.

Start Procedure with Flags

Whenever it is not possible to start the race by means of the light, flags will be used to give the start. The same start procedure (as mentioned above) will be maintained until 15 seconds before the start of the Race.

As of then:

- i. The Race Director moves to the side of the track, holding up the red flag.
- ii. If a rider has mechanical problems at the starting grid, he must remain on his motorcycle and raise his arm. It is not permitted to attempt to delay the start by any other means.
- iii. As of then, he must immediately obey the instructions of the officials and remove his motorcycle to the pit lane where he and/or his mechanics may make further attempts to start it. Failure to obey the instructions of the officials may result in a penalty or disqualification.
- iv. As of then the Race Director puts down the red flag and displays the starting flag. The Race Director will lower the starting flag between the next 5 and 10 seconds upon which the Race starts.

Anticipated jump start

If the front wheel spindle of the motorcycle crosses the line which marks the front of that rider's starting position on the grid before the red light or flag goes out/up, this will be considered as an anticipated jump start. Upon recommendation of the Race Director, the rider concerned will be penalized with 10 seconds penalty which will be added to the total race time for anticipated rider.

10 Official Signals

Official start light signals (if applicable) will be given as follows:

Signal	Action
Red light, switched on At Starting grid <i>(When the red light is on, the start procedure enters its final phase)</i>	The Start will be given within the next 5 seconds
Red lights switched off At Starting grid	Start

Official flag signals shall be given by means of a flag as follows:

Signal	Action
Red Flag	Stop: Compulsory for all riders
Black flag and board with riders competition number on it	Rider in question stop racing
Yellow flag held stationary	Danger, ride slowly with caution
Yellow flag waved	Immediate danger, no overtaking, jumping Slow down, prepare to stop
Yellow flag and red striped flag	Oil, water or other substance affecting adhesion on this section of the track
Blue flag waved <i>(Blue flag is used by supplementary flag marshals specialized for this flag only)</i>	Warning, you are about to be lapped
Green Flag	Course clear for the start of the race
National/Sponsor Flag	Start of Race
The National/Sponsor Flag will be used as the start of the race if start lights procedure is not used	
Black & White Chequered flag	End of the practice, warm-up, Race

There will be a minimum of two marshals per post: one Flag Marshal (using a flag) and one marshal (without a flag) to give assistance to a rider in the interests of safety.

11 Final verification

Immediately after each race, the first 3 motorcycles **of that race** must be placed in a closed park for the technical control. The motorcycles must remain in the closed park for 20 minutes after the arrival of the winner, in case of a protest or should further examination be required.

12 Costs for a Motorcycle Control Following a Protest

The deposit of dismantling a motorcycle will be **RM500**. This fee must be paid by the losing party to the mechanic of the rider who had to open the engine.

After the last control:

- i. The winning party will have its deposit reimbursed;
- ii. The losing party will have to pay the costs of all the controls carried out after deduction of deposits which it had already paid.

13 Results

The winner of a Race is the rider who crosses the finish line first. Riders still racing will then be stopped when crossing the finishing line. The time at which a motorcycle crosses a control line shall be registered at the moment the foremost part of the motorcycle crosses the line. When crossing control lines, the rider must always be in contact with the motorcycle. Races are officially ended at the completion of the lap at which the chequered flag is displayed to the winner. All the riders participating in the race will be classified in order of finish and number of laps completed; i.e. all riders finishing on the same lap as the winner will be classified in the order they cross the finish line, followed by riders with one less lap, then two laps and so on. Riders must cross the finish line within 3 minutes of the arrival of the winner, i.e. riders have 3 minutes to complete the lap or it will not be counted in their result. The procedure to determine the classification in the results of riders who do not complete the lap within 5 minutes after the arrival of the winner will be according to the number of laps completed, and in the event of a tie, according to their finishing order at the end of the preceding lap.

If the chequered flag is mistakenly displayed later than the official time/distance, the finishing order shall be determined by the running order at the official time/distance. Under any other circumstances, such as mistaken display of the chequered flag before the official time/distance, the finishing order shall be determined by the running order at the time the chequered flag is displayed.

The winner of the Race is the rider who has obtained the most points; the runner-up will be the rider who has obtained the second highest number of points, and so on, irrespective of the number of races they have finished.

If a tie exists, the points scored in the last race will determine the order of placing in the final standings of the event of those riders who scored points.

The overall results will be completed with those riders who have not scored any Championship points. They will be ranked by adding their positions obtained in the races. Of these riders, the rider who has obtained the smallest overall placing will be placed first behind those riders who have scored points. He will be followed by the 2nd placed non-point scoring rider and so on. All results must be homologated by the Race Director. The results will not become official until the time limits for protests have elapsed. If a protest is lodged, the results will not become official until a decision has been taken by the sanctioning bodies. If an appeal is lodged against the decision of the Race Director, the results cannot be considered as definitive until a final decision has been taken by the sanctioning body.
