MATES - Natural

Mates Natural Condoms are a regular sized condom which has a unique flared shape, making them slightly larger at the head for greater comfort. Available in a 144 pack.

MATES - Original

Mates Original, as the name suggests, has been a style of condom manufactured for over 20 years, and still proving to be a very popular, regular condom. Available in a 144 pack.

MATES - Conform

Mates Conform are a smaller condom in width measurement compared to standard sized condoms, for a closer fit. These are great for people who have experienced loose fitting condoms before, to increase contact for extra reassurance and sensation. Available in a 144 pack.

MATES - King Size

Mates King Size are a larger condom compared to other Mates condoms, in regards to width and length, for men who find regular-sized condoms too tight. Available in a 144 pack.

MATES - Ribbed

Mates Ribbed condoms are a regular sized condom with textured grooves on the outside for increased stimulation. Available in a 144 pack.

MATES - Flavours

Mates Flavours Condoms are a regular sized condom, that feature both smell and taste, and are coloured to match the flavours. Flavours include: 36 x Strawberry, 36 x Banana, 36 x Mint, 36 x Vanilla. Available in a 144 pack.

MATES - Intensity (x144 condoms)

Mates Intensity condoms have rows and rows of raised RIBS and STUDS to give both you and your partner maximum stimulation! This combined with our unique fitted condom shape, designed to provide additional sensitivity, will ensure the ultimate intense experience for you both!

MATES - Protector

Mates Protector are manufactured to have twice the tensile strength of other condoms. They are lubricated with silicone and are thicker than standard condoms; both these factors providing greater protection against condom breakages. Available in a 144 pack.

MATES - Ultra Thin

Mates Ultra Thin Condoms are one of the thinnest of the Mates regular sized condom range providing extra sensitivity at 50 microns thick. Available in a 144 pack.

MATES - Skyn

Mates Skyn Condoms are softer and more flexible because they are made from a non-latex material called Polyisoprene, but with all the strength of a regular latex condom. They are also the thinnest condoms in the Mates range at just 15 microns, giving great sensitivity, without compromising on strength and safety from breakages. Available in 144 or 72 packs.

PASANTE - Regular Eco Pack

The Pasante Regular Condom Eco Pack is packaged in a biodegradable poly bag instead of a box. This is a standard sized condom, which is shaped for comfort, and is suitable for oral or penetrative sex, including anal sex.

Available in 288 pack.

PASANTE - Naturelle Eco-Pack

The Pasante Naturelle Condom Eco Pack is packaged in a biodegradable poly bag instead of a box. This is a standard sized condom, which is shaped rather than straight, for comfort and a natural feel, and is suitable for oral or penetrative sex, including anal sex. Available in 288 pack.

PASANTE - Trim

The Pasante Trim Condom is smaller than a regular condom for a narrower width fit or more sensation, and made from high quality natural rubber. Available in a 144 pack.

PASANTE - Large

Pasante Large Condoms are wider and slightly thicker for greater comfort. Designed for people who have experienced condoms that split because they are too small, or feel uncomfortable because they are too tight. Available in a 144 pack.

PASANTE - King Size

Pasante King Size Condoms are the widest available latex condom, providing extra room through increased width and length. Available in a 144 pack.

PASANTE - Delay(x144 condoms)

Pasante Delay Condoms have a special lubricant (Lidocaine Hydrochloride 1%) inside the condom which may help to delay the male climax by desensitising the penis and prolonging the experience before ejaculation. These condoms are slightly narrower for a firmer fit, but still fall into the standard sized condom category.

PASANTE - Extra Safe

Pasante Extra Safe Condoms are thicker and have extra lubricant so that you can be as safe as possible. Available in a 144 pack.

PASANTE - Black Velvet

Pasante Black Velvet Condoms are black in colour and are wider for greater comfort. Designed for people who have experienced condoms that split because they are too small, or feel uncomfortable because they are too tight. If you did not want a black condom the Pasante Large condom is the same dimensions and is transparent. Available in a 144 pack.

PASANTE - Ribs & Dots

Pasante Ribs and Dots Condoms are ribbed and dotted to give extra pleasure. The special dual texture profile offers maximum sexual stimulation for both partners. Available in a 144 pack.

PASANTE - Flavours

Pasante Flavours Condoms add some fun to your sex life with a great smell and taste and are coloured to match the flavours (orange, green, blue and brown). Suitable for vaginal, anal or oral sex. Flavours include: 36 x Blueberry Blast, 36 x Chocolate Temptation, 36 x Mint Tingle, 36 x Strawberry Crush. Available in a 144 pack.

PASANTE - Warming & Cooling Sensation

Pasante Warming and Cooling Sensation Condoms are textured with raised ribs, and feature either a warming or cooling lubricated surface for a dual sensation option in one pack. These Pasante Warming and Cooling Sensation Condoms are suitable for all kinds of sex, whether it is oral or penetrative. Available in a 144 pack.

PASANTE - Heart

Pasante Heart Condom is a regular, red coloured condom, in a heart-shaped foil. There are 4 different heart styles included in this pack, perfect for Valentine's Day or any other day where romance is needed. Available in a 100 pack.

PASANTE - Internal Condom

Non-latex, soft and comfortable, female condoms line the inside of the vagina and provide superior heat transfer and sensitivity. The Pasante Female condom (sometimes know as Femidoms) is a non-latex, non-spermicidal lubricated sheath worn by women as a contraceptive. It can be inserted into the vagina up to 8 hours prior to intercourse.

Advantages of the Interna; Condom include: * Prevents the spread of sexually transmitted infections, including HIV and AIDS. * Does not reduce a male partner's stimulation. * Protects the vagina and vulva. * Can be used by people with latex sensitivities. * Erection not necessary to keep condom in place. * Can be inserted before sex play begins. Some additional

PASANTE - Mixed Flavoured Latex Dental Dams (x36)

Pasante Mixed Flavoured Dams are a latex barrier protection designed for use during oral sex and other sex play. Dams are great for protecting you against diseases that can be transmitted via vaginal fluids or blood during oral sex or other sex play.

Pasante Mixed Flavoured Dams are available in a box of four flavours and fragrances: 9 x mint, 9 x blueberry, 9 x strawberry and 9 x chocolate.

Dams are best used with a gentle lubricant for improved sensations and should be applied to the side of the dam that will be touching the vaginal area. Use only water-based lubricants with these dams to avoid degrading the latex. . Individually foiled in protective packaging with clear instructions for use.

Available in a 36 pack.

PASANTE - Non Latex Dental Dams (x15)

Pasante Non Latex Dams are ultra thin and soft polyurethane sheets designed for use during oral sex and other sex play, specifically for people with a latex allergy or sensitive skin. Dams are great for protecting you against diseases that can be transmitted via vaginal fluids or blood during oral sex or other sex play, and are suitable for vaginal as well as anal oral sex. These Pasante Non Latex Dams are clear in colour, odourless and fragrance free.

Dams are best used with a gentle lubricant for improved sensations and should be applied to the side of the dam that will be touching the vaginal area. Lubricants available can be found [here](#). Individually foiled in protective packaging with clear instructions for use.

Available in a 15 pack.

PASANTE - Glow

Pasante Glow Condoms glow in the dark for fluorescent fun in the bedroom. Place the condom in a strong light for 30 seconds, either in the wrapper or while you're wearing it, and it will glow brightly for 15 minutes followed by an after glow for some time after that.

Available in a 144 pack.

PASANTE - Sensitive

Pasante Sensitive Condoms are 25% thinner than conventional latex condoms providing extra sensitivity with a closer feel. These condoms are suitable for oral, anal and vaginal sex. Available in a 144 pack.

DUREX - Extra Safe

Durex Extra Safe Condoms are slightly thicker for peace of mind, and also contain slightly more lubricant than a regular condom. A lack of lubricant is one of the main reasons for condom failure. Available in a 144 pack.

DUREX - Elite

Durex Elite Condoms are ultra fine in thickness with extra lubricant for heightened sensitivity. Available in a 144 pack.

DUREX - Select Flavours

Durex Select Flavours Condoms are a regular sized condom in 4 different flavours.

Flavours include: 36 x orange, 36 x banana, 36 x strawberry and 36 x apple. Available in a 144 pack.

PASANTE - Light Lube 5ml sachets

Pasante Light Lube is a water-based formula that has been designed for people with sensitive or reactive skin types, to assist in avoiding irritation or allergy. This is a light, gentle lube that is clear, and suitable for use with all condoms and diaphragms, and can be used to prevent vaginal dryness.

Pasante Light Lube is CE marked and suitable to use with all condoms. Available in a 144 x 5ml sachets.

PASANTE - TLC Lube 5ml sachets

Pasante TLC Lube is a water and silicone formula designed especially for use with condoms, and contains skin soothing ingredients for a pleasant feel. It is opaque, odourless and non-staining and can also be re-activated with a few drops of water for a longer lasting lubrication.

Pasante TLC Lube is CE marked and suitable to use with all condoms. Available in 144 x 5ml sachets.

Condom Dispensing Bags x 100
