It's safe to say that Saskatoon, SK based instrumental producer Marjen has put in work in the last few years. In addition to several self released projects, he has released music with respected cassette labels I had An Accident Records and Em La La Terra, as well as collaborating with musicians, producers and emcees from across Europe and North America.

*Rubies & Rust* is Marjen's third project for Clermont-Ferrand based label Hello.L.A. (following singles with L.V. Frett and Skizza, respectively). For the most part on this album, Marjen sets aside his signature Rhodes piano and bell-rich melodies in favour of a more raw, ambient, atmospheric sound. The drum programming is still on point and hits hard, providing the perfect backdrop for his Hello.L.A labelmates, emcees V8 (Chicago, IL/Portland, OR), Morbidly-O-Beats (Chicago, IL) and Bakus (Los Angeles, CA).
