Dear Adrian,

We thank you for your recent enquiry and are pleased to offer an Endress+ Hauser instrumentation solution.

For any further assistance or technical queries in relation to this quotation, please contact myself or the Sales Engineer via the contact details above.

******* EXTEND YOUR WARRANTY PERIOD TO 24 MONTHS *******

Endress+ Hauser offer extended warranty of the instruments in this quotation should you take up the option of commissioning by our trained Service Personnel.

We also offer maintenance, calibration and technical training courses in instrumentation which can be carried out at site or at our premises. These courses ensure technicians and engineers are fully versed in operation, maintenance, fault finding and repair of instruments.

Please refer to the quotation number above for all correspondence.

Sincerely

Jake Boyle
Endress+ Hauser Australia

Validity: From 17.04.2015 to 17.05.2015

Warranty: 12 months from date of delivery or completion of Service.

Documentation: With each product you will receive one instruction manual free of charge. Additionally, the documentation can be downloaded free of charge from our home page: www.au.endress.com

Exclusions: All items not shown explicitly on this quote are excluded.

Unless Endress+ Hauser Australia has signed and accepted other contractual terms this quotation is subject to the ENDRESS+ HAUSER "CONDITIONS OF SALE"; you can find these and download them from our website www.au.endress.com/terms

Exchange Rate: The prices are based on an exchange rate of \$1 = EUR 0.72, \$1 = CHF 0.76. Should the exchange rate at date of order placement differ, we reserve the right to apply this variation to the quoted prices and add the amount to you account accordingly.

Disclaimer: This quotation is provided at the customer's request and is reliant on the skill and judgement of the customer and the information supplied by them.

Endress+ Hauser has used it's best endeavours to estimate prices, which together with specifications, delivery and completion dates are subject to variation and not binding until finalised by written contract.

No error or inconsistency between quoted and actual prices or other information shall be construed as a breach of any provision or part of the Trade Practices Act.
