

BRAND DESIGN PORTFOLIO

JOHN
GROVER

- art direction
- design
- project management

I bring over 23 years of experience including creating and delivering branding, digital, display and print projects for both agency and in-house clients – Care for the Family, Financial Services Authority, Paradigm Housing, Spurgeons, The Guinness Partnership and Toybox.

For me, it's all about the creative solution that makes great work stand out but in addition, I'm able to pay particular attention to detail from concept through to delivery. I can advise and influence senior management to ensure that great creative solutions reflect strategy and help drive results.

I'm a confident team leader with excellent communication and interpersonal skills and enjoy collaboration with specialists to create exceptional results on time and budget.
