

MIHUT BOGDAN

web developer

ABOUT ME

I am a front-end developer and a web enthusiast, passionate about UI/UX, focused on usability, performance and maintainability. Being a team player, I consider myself a very social person and dedicated to learning new, better, modern technologies but also solidifying my current professional skills. I emphasize on writing clean, readable code, testing everything properly and finishing my task before the deadline. Social and a fun person to be around, I love to travel and play a lot of different sports.
