<b>Note:</b>				

Thank you for completing your preoperative visit today. Please follow all instructions provided today, by your physician and those in the Mercy Preoperative Patient Instructions Brochure (if applicable.)

### THE WEEK BEFORE YOUR PROCEDURE

Follow instructions provided by your surgeon regarding any of the following medications: Aspirin, Plavix, Coumadin, Pradaxa, Xarelto, Pletal, Effient. If you have not received any instruction on your blood thinner please contact your surgeon's office.

Stop taking any anti-inflammatory medications such as: Ibuprofen, Aleve, Naproxen, Meloxicam, Celebrex.

Take only Acetaminophen (Tylenol) if needed for pain as directed the week before your procedure.

Stop taking any over the counter vitamins, herbal and weight loss supplements/medications (such as Phentermine.) If you are taking an Iron or Potassium supplement, please continue this as prescribed.

Please stop the following of your medications:

-ibuprofen

- Please continue the rest of your prescription medications from now until your procedure unless otherwise instructed by your surgeon.
- Please inform the person that organizes your medications of these pre-surgery changes, if applicable.

Please view the Emmi education video if issued by pre-op nurse. The Emmi program is designed to provide you with additional information that will help you prepare for your upcoming procedure.

Please do NOT drink alcoholic beverages at least 24 hours before your procedure for your safety and to decrease your risk of bleeding.

### THE DAY OF YOUR PROCEDURE

Nothing at all to eat or drink by mouth after midnight the night before your procedure including no gum, candy, mints or tobacco.

Follow instructions provided by your surgeon regarding any of the following medications: Aspirin, Plavix, Coumadin, Pradaxa, Xarelto, Pletal, Effient. If you have not received any instruction on your blood thinner please contact your surgeon's office.

Stop taking any anti-inflammatory medications such as: Ibuprofen, Aleve, Naproxen, Meloxicam, Celebrex.

Take only Acetaminophen (Tylenol) if needed for pain as directed the week before your procedure.

Stop taking any over the counter vitamins, herbal and weight loss supplements/medications (such as Phentermine.) If you are taking an Iron or Potassium supplement, please continue this as prescribed.

**Please stop the following of your medications:**

-ibuprofen

- Please continue the rest of your prescription medications from now until your procedure unless otherwise instructed by your surgeon.
- Please inform the person that organizes your medications of these pre-surgery changes, if applicable.

Please view the Emmi education video if issued by pre-op nurse. The Emmi program is designed to provide you with additional information that will help you prepare for your upcoming procedure

Please do NOT drink alcoholic beverages at least 24 hours before your procedure for your safety and to decrease your risk of bleeding.

THE DAY OF YOUR PROCEDURE

Nothing at all to eat or drink by mouth after midnight the night before your procedure including no gum, candy, mints or tobacco.

- On the morning of your procedure, please take ONLY the following medications with a small sip of water prior to arrival: none

Please review this list of medications for accuracy. Write down next to each medication the date and time you last took each medication and bring this list back in with you day of surgery.

Please shower the morning of your procedure with an antibacterial soap. If you are having abdominal surgery, please clean inside your "belly button" with hydrogen peroxide and Q-tips following your shower am of surgery.

Do not apply any lotion, deodorant, makeup, nailpolish or wear jewelry. Wear loose, comfortable clothing. If you wear contacts, please wear your glasses or bring case/solution. Please be prepared to remove contacts, dentures and hearing aids prior to surgery.

For your privacy and the privacy of other patients, only 1-2 adult visitors will be allowed in the preop area. Children under the age of 18 will not be allowed in the preop area. For outpatients.
