 Give the gift of travel to your loved ones this Christmas.

WELCOME

Hello..... And while at this time of the year you may find your time difficult to manage, we will try to persuade you why it is necessary for you to book a holiday. This may be the perfect gift you can give to yourself or friend.

It turns out that for me, and for a lot of us, the idea of a work-life balance can be a false choice unless we find ways to dream ahead.

I travel often and, while I may be mixing things up a little, it's important to me personally to experience the world so I can get my job done well. You reap the benefits from my travel experiences too.

We all need time to switch off! Whether this means sitting by a luxury resort pool, dancing the night away or wandering through remote bushland in a faraway country.

Quality time with your partner, friends and or family means there are no distractions and there is time to talk with each about experiences yet to be discovered.

We all love to have something to look forward to and when you plan your holidays months in advance it gives you the opportunity to think about it often. Once booked, you will know that you will be lying on a beach in the near future, experiencing an unvisited continent or finally seeing that centuries' old monument.

Our team of travel experts look forward to sharing their knowledge with you of 'early booking' deals to cities around the world.

HELLOWORLD TRAVEL DIARIES

Colette - Kangaroo Island

Kangaroo Island is the place where you can quietly 'go bush' and see native Australian animals and birds as they were meant to be seen....in the wild. Owing to its isolation from the mainland, the island is a true wildlife sanctuary with native bushland, adventure and exploring. On your doorstep are pristine beaches, local wines and sunsets.

I stayed with my mum at Southern Ocean Lodge where Australian luxury is defined. Designed to float amongst the dramatic coastal beauty of Kangaroo Island's south west coast, this is a world-class lodge that offers unrivalled luxury in a unique Australian setting. There aren't enough adjectives to accurately describe the beauty of Kangaroo Island. In fact, words can almost spoil the moment. Even photos don't do this wildly gorgeous destination justice.

TOP TIP: You'll need more time than you think!

Tracy - Sydney

I love being a tourist in my own country and have been on some great Australian getaways recently from Cairns to Coolangatta! We also had an extraordinary family weekend in Sydney and there's no denying that Sydney is a beautiful city. This was my boy's first visit. The picturesque harbour is outstanding with our iconic Opera House and Circular Quay. Beneath its breathtaking surface lies a captivating city with a plethora of attractions to suit anyone from families to young singles. We caught a ferry and had a fun day at Taronga Zoo. Whether you're after a beach holiday, outdoor adventure or some retail therapy, look no further than Sydney - this city has it all.

Weekend or short breaks are a great way to recharge the batteries and create new memories.

TOP TIP: Dining with children at Darling Harbour. There are great kid's menus and wine deals for parents!

Remy - Hong Kong

Kowloon, my base for the trip, offers a bustling mixture of markets and restaurants, but also easy access via the train network to all over. I went on day trips to Macau on the Cotai Ferry and took the Star Ferry to Hong Kong Island to visit Victoria Peak. Another great day trip is to catch the train to Shenzhen and visit Luohu Commerical City - with everything from delicious cuisine, electronics to handbags; it's a must for dedicated shoppers. Hong Kong offers more than just the shopping - the 10 Thousands Buddha's Monastery and Big Buddha's were the highlight of my trip. Walking and seeing temples and beautiful religious pieces of work intrigued me more. Hong Kong has definitely tickled my interest in Asian cuisine and culture. I cannot wait to travel and see more.

TOP TIP: Do a guided sightseeing tour in Macau to learn about its unique mix of Portuguese and Chinese culture. Don't forget to try the Egg Pastries!

Bree - South Pacific Cruising

I absolutely LOVE Cruising! In the last couple of years I have been on 3 cruises with P&O, 2 being to the South Pacific. The South Pacific is absolutely beautiful with sunny skies and blue water. On my cruise, we visited Vanuatu where we participated in cultural dancing and went on a horse riding tour through the exotic rainforests. The people in Vanuatu are so polite and sweet and we had a great experience!

We also visited Lifou where I spent majority of the day snorkeling. There was a lot to see from the beautifully coloured coral to the unique sea life that I had no idea existed. It was all at my fingertips. I have never experienced anything like it before and it is one of those breathtaking moments that can't be explained.

TOP TIP: Catch a water taxi in Vanuatu and take a day out to snorkel around Lifou, and if you're lucky you may even see a turtle or two.
