

## A SEMINAR WITH SARA BURNS

23 November 2015

10.30 am – 11.30 am – at Inclusive NZ, Level 3, 148 Cuba Street, Wellington

12.30 pm – 1.30pm – join us online by Webinar

*Looking for a tool that will help your service make change a reality in practice and provide meaningful outcomes data?*

The Outcomes Star does both.

This seminar will:

- Introduce you to the 20 versions of the Outcome Star - each developed for a particular client group and based on an explicit model of change.
- Show you how The Star meaningfully captures a client's subtle shifts in attitude, behaviour and motivation in all quality of life areas.
- Explain how the Star supports strengths-based and collaborative practice.
- Demonstrate how the Star can help you prove your effectiveness.

**Sara Burns** is a founding director of Triangle and co-author of the family of Stars. With a background in research, evaluation and a period in the Latin America department of Christian Aid, Sara pioneered a practical outcomes approach for voluntary organisations in the early 1990s and has worked in this field ever since. Her early work showed how outcomes could benefit service providers and their clients and won the Charity Awards in 2000. She is author of a number of publications on outcomes.

### REGISTER FOR THESE FREE EVENTS NOW!

Numbers are limited so please secure your place early.

To register:
