

Unit 13 – Task 2 (Sitemap)

Clients Sitemap

Folder Structure

Pages 1 to 8 will go here in HTML format this includes the shop pages and all of the other main pages

All of the edited image assets of games and shop items and logos will go here

All of the text will be placed here including shop item descriptions and trade in values

The trailers for the latest games and other videos will all be stored here in this folder

Now create the above folders in your I&CT folder ready to save the assets.
