UTA External Perception

2005, 2010-2013

Deutschlands
kundenorientierteste
Dienstleister

2007-2015

First places at „Verkehrsrundschau“ Image-ranking

2005: Fuel cards

2010: Fuel cards for fleets above 11 vehicles

2011-2012: Fuel cards

2013: Fuel cards for fleets up to 10 vehicles

Top rankings at „Germanys most customer-oriented Service Companies“ competition

UTA's Europe-wide „On the Road“ Coverage of all Vehicle related Needs

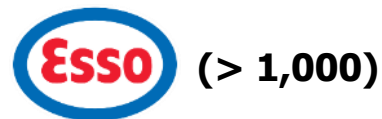

Diesel Service

Fill up smart with UTA's most competitive fuel-network:

- Our cooperation with all major mineral oil companies as well as a large number of independent suppliers leads to maximum flexibility
- The extensive UTA network consists of over 34,000 filling stations in 38 countries
- Several independent stations are offering fuel at much lower rates as the „big ones“
- Significant price differences within the same country
 - Germany: Price differences up to 15 cents/litre
 - Up to 7 cents/litre average possible savings by UTA Bestprice OPTINET

Network in Germany – Connected Suppliers

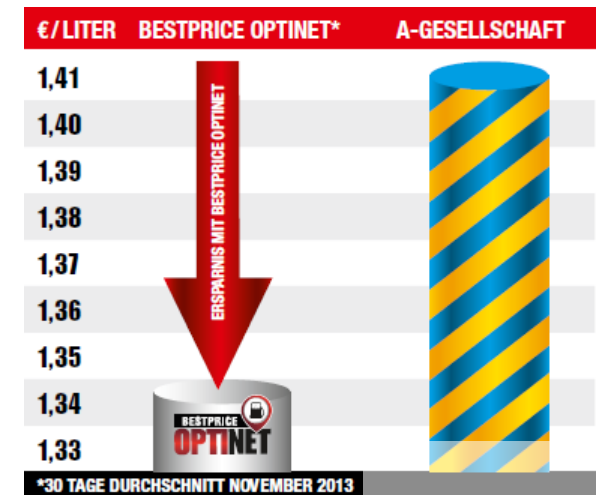

**UTA's network in Germany:
About 500 suppliers with ca.
11,000 petrol stations in total**

UTA Bestprice Optinet

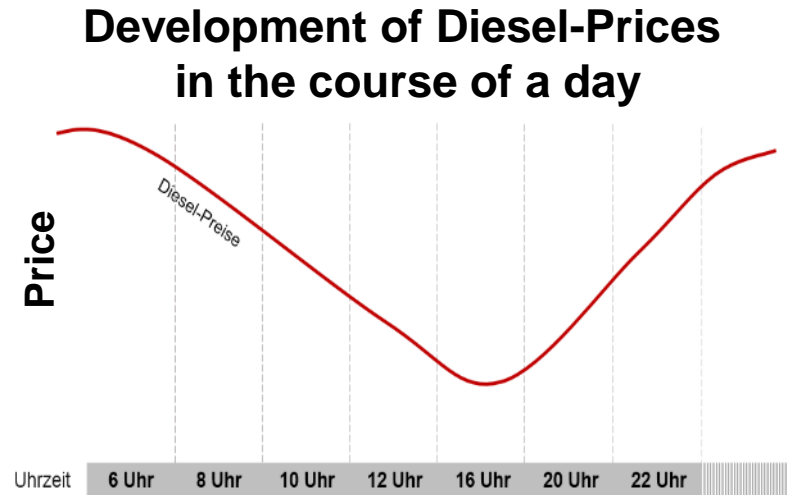

Low Priced Refuelling Across Germany

- Identifies the 1.000 low priced UTA Fuel Stations in Germany
- The network is monthly calculated and adapted to the market
- Possible Savings up to 7 cents per liter diesel compared to A-Corporations
- Easy research of the nearest Optinet-Station
 - UTA Station finder
 - UTA App

Low Priced Refuelling At the right time

- Past: The day was an evidence for low priced refuelling (e.g.: Monday)
- Today:
 - There is no “Refuelling-Day” anymore; nowadays the time of day is essential
 - In the morning the fuel prices are high, in the evening they start decreasing
 - Over night the prices are rising very much
 - The prices of the several mineral oil brands differ a lot
 - Advice: If possible, refuelling should take place between 4 pm and 6 pm

UTA's Europe-wide „On the Road“ Coverage of all Vehicle related Needs

Toll Service

As our customer's needs are not pleased solely with fuel, UTA also offers one of the largest and most comprehensive toll networks

To name just a few advantages:

- Interoperability (just one box for several countries)
- Passing toll terminals faster
- Substantial discounts (up to 50%)

Passenger car related (among others):

- *liber-t*
- Pickerl

Toll Service

**UTA offers the settlement of toll charges
in the following countries:**

- Austria
- Belarus
- Belgium (E-Vignette)
- Czech Republic
- Denmark (E-Vignette)
- France
- Germany
- Great Britain
- Hungary
- Italy
- Lithuania
- Luxembourg (E-Vignette)
- The Netherlands (E-Vignette)
- Poland
- Portugal
- Romania
- Slovakia
- Slovenia
- Spain
- Swiss
- Sweden (E-Vignette)

UTA's Europe-wide „On the Road“ Coverage of all Vehicle related Needs

Plus Service

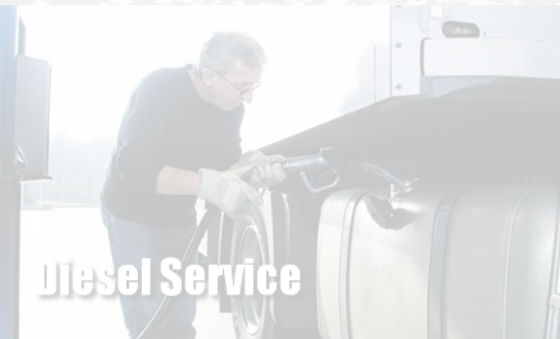

With our UTA Plus Service ...

... we are providing our customers with additional services at more than 15,000 points of acceptance throughout Europe:

- Toll and tunnel payment
- Guarded parking sites
- Ferry or bridge payment
- Breakdown and towing service
- Vehicle repair in authorised workshops
- Combined traffic service
- Car, bus and truck rental
- Flat tire-Service

UTA's Europe-wide „On the Road“ Coverage of all Vehicle related Needs

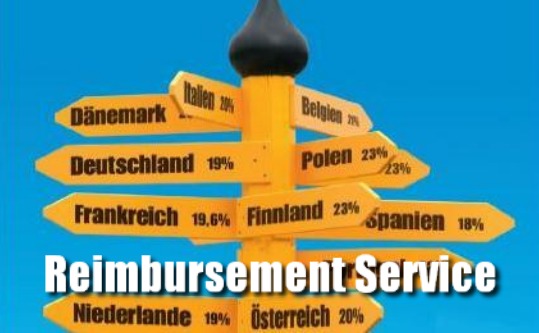

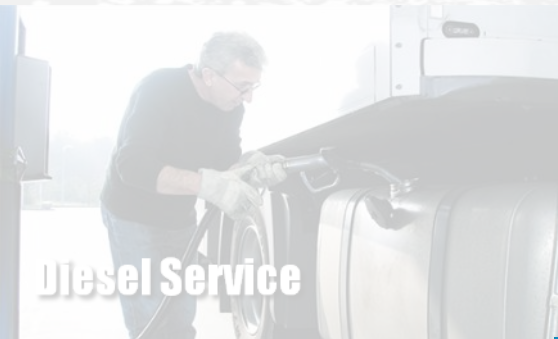

Invoicing Service

- Cash flow and interest-rate advantages due to ex-post invoicing and attractive terms of payment
- Clear and lucid structured accounting documents for your controlling department (e. g. verify every single transaction via our invoice specification)
- Electronic transmission of our invoicing data
- Digital invoice archive (UTA Exclusive Customer Section on www.UTA.com)
- „One-stop shop“: Just one invoice for all vehicle related services

UTA's Europe-wide „On the Road“ Coverage of all Vehicle related Needs

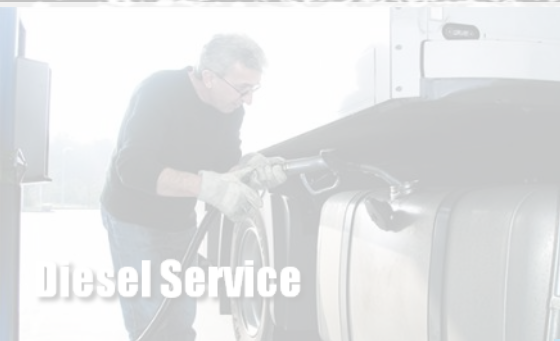

Further Improvements in Cash Flow through...

VAT Reimbursement

- **Fast VAT Recovery**
Paid out within the following UTA-invoice
- **Due Date VAT Recovery**
Quarterly reimbursement
- **VAT Recovery**
Reimbursement after receipt of payment from tax
- **By the way:**
We are offering net invoicing according to applicable reverse charge standards

UTA Exclusive Section – Summary

In a Nutshell:

UTA Exclusive Section

- Up-to-date information about diesel prices
 - Overview of all transactions not yet invoiced as well as sophisticated research tools for these transactions
 - Direct administrative rights for selected persons in the company
 - Flexible user hierarchy (limited access for subusers, e. g. no card ordering or blocking)
-
- Up-to-date data, with over 80% of our transactions coming near real-time
 - Various tools for any kind of analyses, such as
 - plausibility checks to provide further protection against misuse
 - consumption analyses based on vehicle, country or point of acceptance

The UTA Fleet Management Software for **Maximum Cost Control**

Numerous
Administration-possibilities

Detailed
Cost-reports

Extensive
Consumption-analyses

Early Warning System
as a Controlling Tool

UTA Drive & Save[®] Pro – Overview of Basic Functionalities

- Administration of the vehicle fleet (master data, deadlines, etc.)
- Flexible master data management
- Integration of homebase stations
- Electronic processing of the volume of refuelling, Toll and Plus Services
- All-round screening-possibilities of single transactions
- Import of consumption and toll-data as well as data-export into all popular file formats

UTA Drive & Save[®] Pro – Reporting

Information

Clear Reporting

- Which gas stations are most frequented?
- Have the potentials been used at main gas stations?
- Who is generating the highest costs?
- Who is exceeding agreed limits?

- Display time-related comparisons
- Create an analysis by certain (individual) criteria
- Identify consumption and compare it on vehicle- or driver level
- Detect trends early with the aid of clearly arranged charts

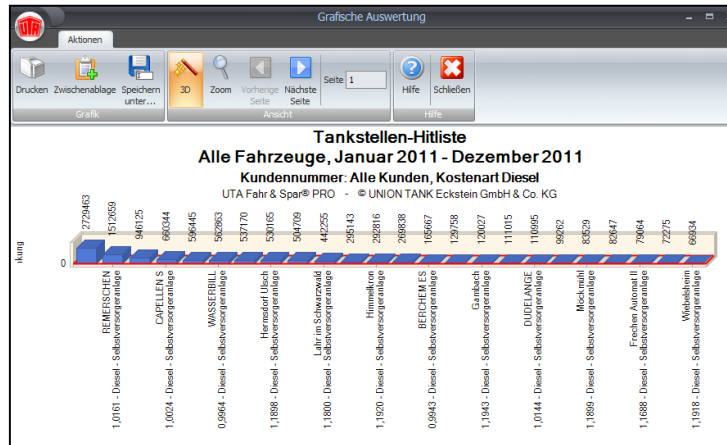

UTA Drive & Save® Pro – Reporting

Information

Clear Reporting

UTA Partner-Benefit

UTA is eager to find other **saving potentials** besides the classic core business

- Constant extension of cooperation in our UTA-Partner-Benefit Program
- Example: fleet iD
- Comfortable Electronic driver's license verification in Germany
 - at over 2.000 ARAL-Fuel Stations
 - according to prescribed intervals

Thank You

UTA. Non Stop.
