

ABOUT ME

I am a senior digital designer and scene illustrator currently based in Chicago, IL. My academic background is in Computer Animation & Digital Design. From film to A/V, my passion for the Gay & Lesbian Community and ultimately my success with the Internet, stems from my desire to constantly learn, push the boundaries and serve to create products that improve people's lives.

PATENTS

SOCIAL NETWORK E-COMMERCE AND ADVERTISEMENT TRACKING SYSTEM

United States Patent Application: 20070150537

I developed a way to exchange advertising dollars directly on the social media and Myspace.com profile through www.Youtube.com/qigaboy20/.

SYSTEM AND METHOD FOR VOICE-ACTIVATED WEB CONTENT NAVIGATION

United States Patent Application: PCT/US2001/024486

I developed a slick navigation for telephone applications that allowed large content to be easily heard with Motorola VoxML/VoiceXML through www.w3.org/TR/voicexml20/.

WORK EXPERIENCE

(2004 – 2015)

Content Creator

[Youtube.com](https://www.youtube.com/igotzsoulful)

Oversaw site-wide visual features in support of gay marriage through 820 videos to establish myself within the Gay and Lesbian Community presenting a paper-like media browser product in a more professional and appealing way. This involved a huge amount of video production to scale the GuyParty.com website on The Visible Web in both planning and execution of video editing with product materials for the scene. Showcased the product in the 2015 Chicago Gay Pride Parade qualifying 700+ scenes as a compatible video production. <https://www.youtube.com/igotzsoulful> for Youtube Channel.

(2006 – 2008)

Product Manager

[Blip'd](http://blipd.com/)

Blip'd combines existing flash embed technology with an Internet video media overlay service called an Interaction Network that pushes and pulls media from any host to any global destination your audience is watching simultaneously. Responsible for multiple screen application design and paper product direction for a variety of social media in a range of clients originally sold using the Myspace Application directory. Designed media browser and project managed a bow tie product for landing pages, outsourced graphic elements, microsites, HTML newsletters, banner adverts, DVD menus and interactive CD-ROMs and produced portable flash media.
